Election Time! Caucus held at MV

Students in Mr. Meehan's government classes participated in their own mock precinct caucus during government class Friday. Students gathered in their preference group to determine the number of delegates to the county caucus that a presidential candidate will have. According to Mr. Meehan, over 50 seniors plan to their actual precinct caucus Monday night. Traditionally, the Iowa caucuses have had a great influence on the Democratic party in naming a front runner for the Democratic National Convention. Early returns from the MV caucus show Edwards as having the most delegates with Kucinich and Dean also receiving delegates. In the photo above, Wes DeShaw, Lindsay Cassman and Jill Morris gather in support of John Edwards.
