

Horoscopes...What's in your future???

taken from www.astrology.com

Aries: Don't be scared of the strange or the unusual. You should know by now that every day of school is going to bring something different. It's all part of growing up.

Taurus: Don't leave home with a loaded wallet. You know better than anyone else - when it comes to spending you just can't stop! You're going to have to take some self-prevention measures if you want to have any chance at actually saving.

Gemini: Listen to your friends. They're like a mirror that can talk back to you. You're not always going to like what you hear, but at least you're getting honest feedback.

Cancer: Some of your snap decisions may come back to bite you in the ... well, you know. Don't go shooting off your mouth unless you're prepared to feel the crack of the whip. Every action has a reaction.

Leo: Go with the flow. There's not much that can go wrong if you're willing to play along. You're a good sport. You should be able to have fun doing just about anything today.

Virgo: You've got goals. That's a good thing -- but Rome wasn't built in a day. The same goes for your future success. Patience will see your master plan fulfilled.

Libra: Stop holding back. You've got to give to receive. Emotionally you haven't been opening up to your new love. You need to try harder if you're really serious about making this work.

Scorpio: Check your bag before leaving the house today. You could be walking out the door missing something important. Make a checklist and check it twice before you get on your way. A small mistake could mean a wasted day.

Sagittarius: You've been taking your romantic pursuits far too seriously. Loosen up. It's all in good fun, and a sore loser isn't going to win any pity points.

Capricorn: Cut back on the slacking. Your to-do list is growing longer by the minute. If you don't get to it, you'll never get out from under the mountain that's building. It won't be so hard if you put your mind to it.

Aquarius: A good imagination can open doors. Don't let anyone tell you differently. Feel free to blast off! As long as you don't stay stuck in orbit for too long, there's no harm done.

Pisces: You've gotten yourself into a fine mess. It's going to take a while to figure out everything that needs to get done. You might want to cancel your plans while you get organized.

FFA Soup Supper

Come support our local FFA chapter by enjoying some soup Friday, January 30. Have some supper and then catch some quality Wildcat basketball as they take on

Alburnett. The FFA chapter will be serving from 5:00-8:00 in the high school cafeteria. The cost is \$5.

The Wildcat Echo is published in-house most Fridays. Our mission is to create a publication that captures the highlights as well as everyday life of the students at Maquoketa Valley. The staff welcomes story ideas and suggestions to help cover MV better. The Echo can also be found online at www.maquoketa-v.k12.ia.us by clicking on the Wildcat Echo link.
