

## Student Council Elections, cont.

Finally there was "The Normal party." Running for Freshman Rep was Candi Giellis, Sophomore Rep was Adam Anderson, Junior Rep was Maegan Goldsmith, Senior Rep was Brittney Supple, and Jay Wright for president.

The second part of last week, students were able to register to vote. All but 17 students in the student body were registered. Last Friday, a Political Forum to meet the candidates was held to see the presidential candidates think quickly and explain their plans if they won. Then, on Monday, a Political Rally was held to show support and to give the candidates one last effort to get people in to vote for them and to also show off the other class representatives running in their party. On Monday, the voting polls were open from 1st hour to the beginning of 6th hour.

The results finally came in at the end of 6th hour. The new freshman representative is Melissa Wegmann from the Smoothies party, the sophomore representative is Brian Wegmann from the Hawaiian Breeze party, Junior rep is Nathan Burger from the Hawaiian Breeze Party, Senior rep is Mike Sibel from the Smoothie party, and the new student council president is Shawn Roling of the Suits party.

Mr. Meehan concluded with his thoughts: "I thought the election went fine. I am very pleased with the meet the candidates political forum, and I think we'll have good leadership on the student council."
