Ask Audrey

Dear Audrey,

I need to buy a gift for my girlfriend but I have to spend less than \$10. Do you have any suggestions?

-A lousy shopper but good boyfriend

Dear Lousy Shopper,

If I was in his situation I would either get a job so I can buy her a better present, look everywhere to see if I can find some astounding gift for less than ten dollars, or just buy chocolate for her. If you want to get a job but don't have time just ask your parents or someone in the neighborhood if they're looking for some extra help with anything, you'll probably find something. If you choose to go look I'd pick a large mall to look in so that way you have more variety in one place. Finally, if you choose to buy chocolates make sure you ask her which kind she likes first because you don't want to end up getting her something she won't like. Good Luck!

Love Always,
Audrey

What's Up?

by Jamie Stelken

If you were stranded on a deserted island with some friends, what would you do to amuse yourselves?

Audrey Salow - Run around trying to find a cave or something like Tom Hanks in Castaway

Kelly Freiburger - I would explore the island with my friends and make a little village, so we all could live together, but we'd all probably die from natives the first day

Chris Klaren - I would start my own civilization and play with my friends and domesticate the wild goats on the island

Jacob McDowell - dig a hole

Brad O'Connell - build a campfire, find food, and joke around with my buddy Calvin

Josh Schindler - Find a lot of food and eat it all

Kim Nurre - Go swimming and have a party

Allison Supple - try to make a boat like on Gilligan's Island

Fine Artist of the Week

by Amber Cummings

This week's artist is Eric Fonck

Did it take lot of hard work to make it to Opus?

Yes, I had to practice every day. The songs were hard!

What kind of songs will you be singing at Opus?

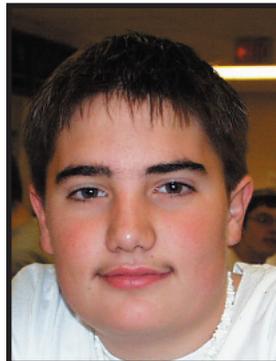

We have a couple of slow ones and one fast one. The fast one is really cool.

What group do you sing in and is singing something you want to do in the future?

I am a tenor 1. I don't know about the future but I like singing while playing the guitar.

Do you enjoy being in choir? Yeah, it's an awesome class I like using my voice.

Is going to Opus a great accomplishment for you? Yes, they only let 180 people in so it makes me feel great.
