**What is the biggest achievement you have reached in speech?**

"Probably making All-State for my Original Oratory my freshman year."

**Why do you keep going out for speech every year?**

"I enjoy it. You'll never know how much fun it is until you try."

**Which do you prefer: individual/large group speech or plays/musicals?**

"They all go hand in hand; each prepared me for the others."

**Do you have any special "rituals" before going into a performance?**

"Ha...um...deep breath before I go."

Otherwise having my mom in the room, especially during individual speech. She hasn't missed one yet, and for some reason, I feel better giving a speech for a rating when she's there."

# Ask Audrey

Dear Audrey,

I just got my license and my parents won't let me drive anywhere! How do I get them to trust me by myself?

Immobile  
Dear Immobile,

What I would try to do is drive with them wherever they go so that they can see how much of a responsible driver you are. Also, try to act a little more mature around your parents so that they know you won't do anything really stupid. Hope this helps!

Love Always,  
Audrey
