Ask Audrey

Dear Audrey,

All of my friends are wearing their hair really curly, and it looks so cute and I tried to do it with my hair, but my hair won't curl..... what should I do to make it stay?

-Hairy problem-

Dear Hairy Problem,

What I would do if you love this hair style so much is to get a perm that resembles it that way you can wear your hair curly and if you want it another way, you just have to straighten it.

Love Always,
 Audrey
