Ask Audrey

Dear Audrey,

I have a cousin who acts like she's in high school and tries to hang out with the people I hang out with. What can I do to have her stop?

-Almost Friendless

Dear Almost Friendless,

I think that you should try to tell this cousin to just leave you alone. If they don't tell them how you feel about them trying to act like something they're not. Hopefully, this helps you out.

Love Always,
 Audrey
