

**POLICY IMPLEMENTATION**

The policies developed by the Board and the administrative regulations developed to implement policy are designed to increase the probability of an effective and efficient school system. Consequently, it is assumed that all school employees and students willingly carry them out.

The Board believes that the legislation of policies is its most important function, and that the execution of the policies should be the function of the Superintendent. The Board holds the Superintendent responsible for carrying out its policies within established guidelines and for keeping the Board informed about school operations.

In an attempt to insure equitable and just treatment of all, suggestions for changes in, revisions of, or additions to existing policies and regulations are welcomed from employees and students.

In the educational hierarchy, those in super ordinate positions are responsible for informing subordinates of existing policies and regulations and for seeing that they are implemented in the spirit intended. Continuous disregard for board policy and administrative regulation may be interpreted as willful neglect of duty and may constitute grounds for dismissal.
