

**TRANSPORTATION FOR HOMELESS CHILDREN AND YOUTH**

If a homeless child or youth continues to live in the District but in a different attendance area than the school the student was previously attending in the District, the District, at the request of the parent, guardian or at the request of the District liaison on behalf of an unaccompanied youth, shall provide or arrange for transportation to and from the school previously attended. If the homeless child or youth is no longer living in the District, but is continuing his or her education in the District, the District will apportion the responsibility and costs for providing the child with transportation with the district where the child is currently living.

Provisions in this policy shall supersede any conflicting provisions in other District policies, regulations or procedures.
