

STUDENT DIRECTORY INFORMATION

Student directory information is designed to be used internally within the district. Directory information is defined in the annual notice. It may include the student's name, address, telephone number, date and place of birth, email address, grade level, enrollment status, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, the most previous educational agency or institution attended by the student, student ID number, user ID or other unique personal identifier, photograph and other likeness, and other similar information.

Prior to developing a student directory or to giving general information to the public, parents will be given annually the intent to develop a directory or to give out general information and have the opportunity to deny the inclusion of their child's information in the directory or in the general information about the students.

It is the responsibility of the superintendent or designee to provide notice and to determine the method of notice that will inform parents.
