

**HOMEBOUND INSTRUCTION**

Home or hospital instruction may be provided:

1. To any child with a health or physical impairment which, in the opinion of a licensed medical examiner, will cause him/her to be absent from school for more than two consecutive weeks and who school personnel determine can educationally benefit from such a program, or
2. To any child whose educational needs, as determined by a case study and reviewed in a multidisciplinary staff conference, including personnel of the Keystone Area Education Agency, are most appropriately and effectively met by such a program.

The amount of instructional or supportive service provided through the home and hospital program shall be determined in relation to each child's educational needs and his/her physical and mental health.
