

HAZARDOUS CHEMICAL RISKS - "RIGHT TO KNOW"

The Board of Directors recognizes the necessity to transmit information by means of a comprehensive hazard communication program, which includes container labeling, material safety data sheets and employee training, and to transmit that program to district employees, the community and to emergency response personnel.

Therefore, it shall be the policy of the Board of Directors to develop and implement a program to comply with the "Right-To-Know Laws and Rules." The program shall be administered by the superintendent of schools or a designee.
