Dramatic finish

MV lost a close one to North Linn last Friday night, 36-39. Above: QB Parker Sternhagen gets ready for the ball from center Tanner DeMoss. Tonight the team hosts West Branch. The Wildcats were scheduled to play Bellevue, but due to COVID-19 issues, Bellevue had to cancel. AD/Coach Arnold quickly looked for a replacement team, and the Bears agreed to play here. What caused you guys to be close friends?

Livia: In the fifth grade on the very first day of school, she just started talking to me and we clicked from then on (and of course she had to show me her teeth that came out).

Haley: Volleyball.

Who's the most responsible one of the group?

Livia: I would say we are both pretty equal, but if I had to choose, I would say me.

Haley: Me.

Favorite thing to do together?

Livia: My favorite thing to do with Haley would be all of our long (or short) talks together and just making a bunch of memories.

Haley: Tik Toks.

Pet peeve about her?

Livia: Haley has braces now and can't do it anymore, but she used to click her teeth in and out and it sounded like chomping gum.

Haley: When she gets super crazy.

Best thing about her?

Livia: She is always there for me when I need it and can make me laugh endlessly.

Haley: She's always in a good mood.

Greatest memory about the other?

Livia: We were at Haley's house, and we were staying in her camper. It was Haley, Isabel, Alia, and me, and we were all laughing hard and Haley said, "I just peed," and we all just laughed even harder.

Haley: Beating her in a wrestling match.

Band + dance team = great halftime performance

by Paige Winter

If you weren't at the North Linn vs MV game last Friday night, you not only missed a great game, but a great performance by the MV Marching Band and Dance Team at halftime.

The band performed its 90's themed halftime show as well as the MV fight song and the national anthem. Mr. Ford thought they gave a fantastic performance and endured through new challenges including missing key members of the band and battling through block scheduling. Mr. Ford said that in terms of the rest of the year he is looking forward to "taking every moment we get together and enjoying it, making sure I never take it for granted." He also said that he was proud of the band members for always bringing energy and excitement to rehearsals, even when those happen to be at 8am.

Though this was the second performance of our marching band, this was the debut of our 2020 Dance Team. The

girls gave a high energy dance including umbrellas while the band provided the Friends theme song "I'll Be There For You." Coach Teymer said that though the girls only had four practices and two WIN times to prepare with the band, she was very pleased with the performance.

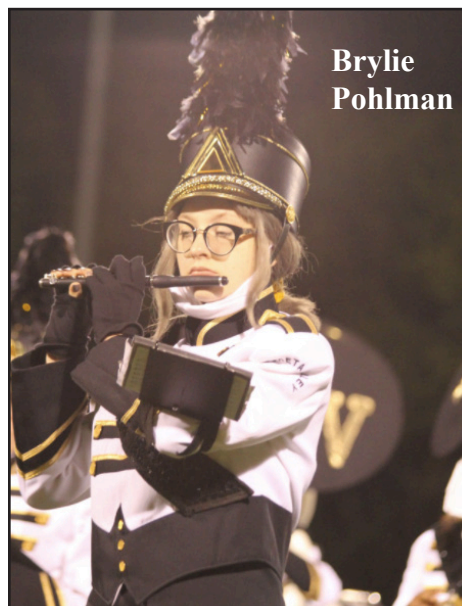

This Friends dance was choreographed by sophomore and team co-captain McKenna Thompson who added that she was also very proud of all the girls and was looking forward to making more memories with the team.

One thing that made this dance a little more difficult for the girls was using umbrellas instead of poms. According to senior and also co-Captain Allie Dunn, this was the first time any of the girls had worked with umbrellas but that wasn't obvious when they were out on the field.

If you want to see the team performing again, they will premiere a new pom routine at the pep rally this afternoon and if you missed it the first time you can catch them at halftime again tonight. Co-Captain Leah Ries also added that she was looking forward to trying new things this season with all the talent that the team contains this year.

The girls will officially start their season in October when they start preparing for the basketball season. Though they don't have a state competition this year, you can still look forward to a fun filled season with the dance team. Allie commented, "We are not guaranteed a full season, so I will not be taking anything we get for granted."

Make sure you get to our homecoming game TONIGHT to see the football team, dance team, and marching band showcase the skills they have all worked so hard for!

STUDENT OF THE WEEK

Madeline Gellersen

You have been nominated for your work in Advanced Fashion Design. What do you enjoy most about the class? I love designing and creating something that expresses yourself. Through design you create your own style, and this class is a way to bring art into clothing.

How have you used your skills to help others? If my classmates have a question I love helping them and encouraging them to continue to sew even if the design is tough. **What project would you like to take on next?** I would like to take on the challenge of a formal dress or a matching pant suit.

"Even though she is in Advanced Fashion Design and the expectations are higher in this class, she has gone above and beyond in making masks and also taking charge of designing Marching band apparel along with creating an order form and placing the final order. Her willingness to take charge is so admirable." —Mrs. Downs
