

Helle runs unopposed for Student Council President

by Paige Winter

As most of you already know, the Maquoketa Valley Wildcats have a brand new student council president! Lydia Helle ran unopposed for president along with senior representative Shelby March, Junior representative Andrew Kloser, Sophomore rep. Amaya Hunt, and Freshman rep Erin Knipper.

Meet the Candidate was last Friday where Lydia gave a short speech and talked about some of her ideas to make our school a better place. She mentioned study days in preparation for semester tests and school-wide movie days. Other ideas that were posted around the school include starting a book club, having more incentive days for students, and starting hot chocolate sales earlier in the year.

Lydia also said, "We don't want to be all talk and no action," meaning this is a student council that will not stay dormant. You can count on some changes for the better around MV this year. She emphasized this point when she said she picked the representatives she did because they will work hard to get things done and are passionate about making the school better. Her slogan, "What you do has far greater impact than what you say," a quote by Stephen Covey, also conveys the point that this year's student council wants to take action.

So make sure to congratulate your new student council president Lydia, and "Let's make this a great year!"

New lunch option available

Students and staff can now enjoy the salad bar as yet another lunch option. (photo by Kylynn Clary)

Introducing the brand new salad bar! If ever you notice what's for lunch, and decide you really don't want to eat that, nor the alternative, you can go to the salad bar.

The process is pretty simple. You wait your turn in line. (There's no grade order. First come first serve.) You can grab a bowl to put your salad in, then choose a few other things to fill your tray. This does replace the meal, so make sure you grab

enough to eat because this does replace the meal. There are usually rolls or cinnamon rolls, some fruit, yogurt, carrots, and some other stuff depending on the day. I personally believe that the salad bar is a lot better than having to sign up for a salad at breakfast. The salad bar has become quite popular unless it's chicken strip or pizza day. Also the lettuce has really improved since last year.

Thank you, lunch ladies.

Wildcats battle a tough game against the North Linn Lynx

by Kylie Chesnut

After a tough battle last Friday night, the Wildcats were conquered by the North Linn Lynx 0-40. Coach Arnold commented, "Mentally we weren't locked into our assignments and physically we played slow and not to our ability level in all facets of the game."

Parker Sternhagen, junior quarterback, threw for 143 yards in 21 pass attempts. Sternhagen stayed in contact with Trent Koopmann for another game of the season, giving Koopmann the ball 5 times to gain 62 yards. He also threw the ball to Andrew Kloser 3 times which gained the team 39 yards, Owen Mensen went for 30 yards in 2 attempts, and A.J. Ambundo with 12 yards in 1 attempt.

The boys worked just as hard on their rushing yards. Leading those yards was Zach Digman for 50 yards in 13 attempts, Koopmann for 24 yards in 3 attempts, Sternhagen himself went 13 yards in 10 attempts, and Kloser gained 3 yards for the team in 1 attempt.

The boys didn't quite make it down to the endzone, but that didn't stop them from showing strength on the defensive end of the game. The team was led in tackles by Koopmann with 13, Kloser with 4.5, Mensen and Issac Kramer each bringing down 4, and Tim Harmon finishing with 3 tackles.

Kickoff was again handled by Michael Feldmann who kicked 40 yards in 1 attempt. Ambundo and Feldmann both took on the job of punting. Ambundo kicked a total of 51 yards in two attempts, and Feldmann punted a total of 24 yards in 1 attempt.

Tonight the Wildcats travel to Cascade to take on the Cougars. Coach Arnold notes, "We are spending this week prepping for Cascade but really focusing on the details and our technique. Football at the end of the day is about blocking and

tackling but within those two skills teams can be very focused on the details or just hope you do well. We are having a major re-focus on those basic fundamentals so we can be successful in all aspects of the game."

Due to some injuries and low numbers for both teams we will only be playing a varsity game and that will kickoff at 7:00 PM.

The theme for tonight's game will be America night.

Name: Kylie Chesnut
Sport: Volleyball
What do you enjoy most about volleyball?

I love the atmosphere during practices and games, and I love how the team is one big family.

What's your favorite drill in practice? Hitting lines for sure.
What's your least favorite drill in practice? There isn't any in particular that I don't like.

What's your goal for the team this season? We are working hard to make it down to state.

What has made this year unique for you? I have never been a hitter until this year.

"Kylie took on a brand new role this year for us and welcomed it with open arms. She works very hard and is a very coachable athlete. We went from a back row player on fresh/soph last year to a starting middle for us on varsity this year. This is all due to her work ethic! We are excited to see Kylie grow this year in her new role." —Coach Whittenbaugh

Name: Trent Koopmann
Sport: Football
What do you enjoy most about football?

The way you have to play the game 11 guys on the field working as one toward the same goal.

What lessons about life have you learned from the sport? If you give it everything you have you cannot have any regrets.

How have you changed as an athlete over the past few years? I have grown to love the sport more than just me I have grown to give it my all for my team and not to think of myself but think of what I need to do to help support my team on and off the field to help other players grow and become better athletes and people.

Why is football a sport worth going out for? It's a sport of not only physical toughness but mental to the things you have to remember and do during a game is a challenge and that is something I love to do is challenge myself

Who is your football role model? Von Miller who plays for the Broncos. He is a guy who works hard and tries his hardest to be successful not only for himself but his teammates.

Athletes of the Week

Name: Jaiden Porter
Sport: Cross country
What do you enjoy most about cross

country? I really enjoy being a part of a small team. Since this is my first year out for cross, I didn't really know what to expect. I didn't even know what a meet looked like, but my teammates have helped me understand, and now I'm so excited to see what our girls team can do this year.

How has cross country changed you? I used to hate running. I didn't understand why people did it for fun. But now everyone calls me a running addict. There's nothing I love more than running a few miles with my group of cross runners. (Brock, Emma, Kriya, Landin)

What has been your favorite memory of cross country? I would have to say that every day something weird or funny happens with the group I run with. We would be running hills and start laughing on the way up because of something Brock probably said.

If a song could be playing as you crossed the finish line, what song would you like it to be? Probably any song that Toby Grimm is singing. In case you guys didn't know, he loves to sing while running.

Name: Chance Downs
Sport: Cross country
What do you enjoy most about cross

country? The people. My teammates, coaches, and fans are the best in the community. There is very little arrogance and ego-hungry behavior, unlike many other high school sports.

How has cross country changed you? Cross Country has truly taught me the definition of being a leader. When I leave this team, I want them to be inspired and hungry to fill the shoes I have left behind. I hope to see them someday inspire and set a good example for those next in line.

What has been your favorite memory of cross country? Qualifying as an individual and team to the state meet last year. Nothing can replace the feeling of reaping hard work's rewards.

If a song could be playing as you crossed the finish line, what song would you like it to be? "Feels Great" - Cheat Codes, Fetty Wap, CVBZ

Hall Smarts

by Lydia Helle

2019 seems to be the year of the Disney movie remake. From Lion King to Aladdin, some of the Disney classics are making a comeback. However, one of the greatest parts about a Disney movie is the soundtrack that comes along with it. This week I decided to ask Jenna Nefzger, Claire Krapfl, Molly Anderegg and Kendra Hillers if they could decipher these Disney tunes.

What song's title could be rewritten as "A Member of Your Society"?
 Jenna: Part of Your World
 Claire: Part of Your World
 Molly: Part of Your World
 Kendra: Part of Your World
 Answer: Part of Your World

What song's title could be rewritten as "Sphere of the Living"?
 Jenna: Circle of Life
 Claire: "Aaaaaaaa shaveniaaaaaaaaa"
 Molly: Circle of Life
 Kendra: Circle of Life
 Answer: Circle of Life

What song's title could be rewritten as "Pretty Girl and the Hairy Man"?
 Jenna: Beauty and the Beast
 Claire: Beauty and the Beast
 Molly: Beauty and the Beast
 Kendra: Beauty and the Beast
 Answer: Beauty and the Beast

What song's title could be rewritten as "Would You Like to Construct a Frozen Male"?
 Jenna: Do You Wanna Build a Snowman?
 Claire: Do You Wanna Build a Snowman?
 Molly: Do You Wanna Build a Snowman?
 Kendra: Do You Wanna Build a Snowman?
 Answer: Do You Wanna Build a Snowman?

I have to say that I am proud of these girls for knowing their Disney movies (except Claire- it's flipping "Circle of Life"!!!!). That's all for this week- "catch you on the flip side!"
