## **“But I Don’t Want to Go to Bed Yet!”**

By Tracy Morrison, Delhi Elementary and Middle School Principal

As parents, we have all experienced the child who doesn’t want to go to bed when it is bedtime. They insist they aren’t tired and want to stay up “just a little longer”. However, sleepy children are not productive children at school. It is difficult for them to maintain their focus; they become irritable; and they may experience more negative behaviors in the classroom and/or with their classmates. Sleep deprivation in students has been linked to decreased student achievement since it affects concentration, memory, and the ability to learn.

Sleep tips from the National Sleep Foundation provide parents with the information they need to know about the importance of sleep. Children from the ages of 3 to 5 need to maintain a regular and consistent sleep schedule. It helps to have a relaxing bedtime routine that ends in the room where the child sleeps. The room should be cool, quiet, dark, and be without a TV. Limiting distractions is important for children to be able to settle in and get to sleep. These young children should typically sleep 11 to 13 hours each night. School-aged children, from ages 6 to 13, need 9 to 11 hours of sleep each night. The challenge at these age levels is many of these children have increasing demands on their time with homework and other extra-curricular activities outside of their school day. They are often times interested in watching television and using technology. These disruptions can lead to difficulty falling asleep and disruptions during sleep. For our older children, students at the secondary level are some of the most sleep deprived students of all, with our college-level students identified as the most sleep deprived population.

All motions carried unanimously unless otherwise noted. Four board members were present. There were six staff members and three visitors present. The agenda and consent items were approved.

Ann Norton gave a brief presentation on the Iowa School Report Card.

A sophomore parent and student meeting will be held on February 4<sup>th</sup>. The focus of this meeting will be career clusters that the sophomores have chosen as their area of interest from Iowa I Have a Plan.

The board policy series 700 was also reviewed and approved.

The following personnel recommendations were approved in a motion by Kunde, seconded by Huber:

Tina Richter – employed as High School Study Hall Monitor

Supt. Tuetken was appointed to the Greater Delaware County Community Foundation Board of Directors.

### **“But I Don’t Want to Go to Bed Yet!”**

There are recommendations for helping our children, and ourselves as adults, get more sleep each night.

- \* Stop using all technology 30 minutes before bed (ex: cell phone; computer; TV; etc.)

- \* Maintain a regular meal-time schedule

- \* Avoid caffeine

- \* Keep a consistent sleep schedule for going to bed and waking in the morning

- \* Develop a regular bedtime routine including teeth-brushing and reading a book.

In our schools, we are seeing an increase in a number of our students coming to school tired - heads on desks in the morning; yawning; and telling our teachers how long they have stayed awake the previous night. These things are keeping some of our students from reaching their full potential at school. Thank you in advance for establishing nighttime routines that will benefit your children so they come to school ready to learn each day.

So the next time you hear, “But I don’t want to go to bed yet!”, please remember the importance of regular bedtime routines and sleep schedules. With consistency, you are helping your child be more successful at school.

## Earlville Elementary Historical Keepsake- Limited Quantities!

When the old Earlville Elementary building was demolished to make room for the existing building, a small number of glass blocks that were part of the original gym wall were saved. JoAnn Swinton and Jane Mesch are partnering on a fundraiser to refurbish these blocks into lighted MV Wildcat blocks. Each block is being sold for \$25 and all proceeds will go to Earlville Elementary. There are only 6 blocks remaining and will be reserved on a first come first serve basis. If you would like to purchase one of the few remaining lighted blocks, please contact the Earlville Elementary School at 923-3225. These are a unique historical keepsake for any MV patron!

### Hello from 5th grade Math

Mr. Helle

The 5th grade have been working hard adding, subtracting, multiplying, and dividing whole numbers and decimals the entire 1st semester. The students are continuing to progress from one concept to the next nicely. Our next unit will be on fractions. We will be investigating the concepts of adding, subtracting, multiplying and dividing fractions for the entire 3rd quarter. We will discuss connections that can be made between what was learned in the first semester to our unit on fractions. We will finish the year working with the geometry skill of volume. It is always refreshing to watch the students grow throughout the year. We hope everyone has a great 2016.

### Johnston Kindergarten

Melissa Hess

We are entering the best time of the year in a kindergarten classroom-reading on our own! We have learned all of our Jolly Phonics Sounds, realized when those sounds are put together they make a word and finally, we have mastered 42 sight words so far this year. With all of that under our belt, it is time to put it together to read books. Watching a kindergarten child begin to read is like waking up on Christmas morning and seeing a tree full of presents. It is so exciting to see them not only reading the words on the pages, but also being able to talk about what they read. Teaching kindergarten is a true joy.

Going hand-in-hand with learning to read is learning to write. We started the year off with labeling things we drew. Now we are using those labels to help form complete sentences. We have learned there are seven different components to being a Star Writer, and we are getting pretty good at doing all seven in each sentence we write.

In math we have worked really hard understanding the numbers 0-10. We are so excited when we can see these numbers in a 10-frame and can say the number in seconds. This will be extremely helpful as we begin our subtraction and addition unit in January. It is quite amazing to see a kindergarten kid have their facts up to 5 mastered before they enter first grade.

I am excited to see what the second semester will bring for this class of 17 eager and excited kindergarten students!

## Plan Ahead

These tests are important to our district as they are one indication of how we are doing in meeting our goals. Parents, we appreciate your efforts in avoiding appointments during school whenever possible, but especially during this testing week! Thank you for your help!

## Winter is Here

With winter and the cold weather upon us, we remind you that our building temperatures are set at 65 degrees. Parents are encouraged to dress your children appropriately. It is perfectly acceptable for your child to wear a sweater or sweatshirt in class in order to stay comfortable.

MV reports their school closings and cancellations to 3 TV stations: KGAN (2), KWWL (7), and KCRG (9) by 6:25 am. They also report them to these radio stations: KMCH and KDST. When bad weather hits, please turn to one of these TV or radio stations. Please DO NOT call the school. Their lines will be busy contacting personnel, other schools, bus drivers, etc.

If you would like to be added to the MV Text alert, contact Cheryl Gates at 563-922-9411.

## Athletic Boosters Need YOU!!!

The Maquoketa Valley Athletic Boosters are looking for members who would like to be involved in helping organize and run our events. The Athletic Boosters meet the **first Wednesday of every month** (except July) at 6:30 pm in the high school cafeteria. Please consider sharing your time & talents so that we may continue to provide the needed assistance to our athletic programs.

## Book Fairs - An Amazing Success!

A huge thank you to all the parents, families and friends who supported the elementary book fairs at Earlville and Johnston during the fall parent teacher conferences. The excitement for the book fair grew during the week as a coin war was in full swing. The classrooms competed with each other to bring in the most coins each day. And bring in coins they did!!!! In four days, Johnston brought in over \$700 and Earlville brought in over \$800 in coins! These coins benefited three groups of people: each classroom, the school, and children in need. The coins were used by each classroom teacher to buy books for their classroom. The money the teachers spent at the book fair using these coins helped the school earn additional funds to purchase books for the school library. Scholastic will also donate one book to a needy child for every dollar that was donated during our coin war! Teachers were able to purchase over 270 books for their classrooms! Earlville Elementary earned an additional \$700 to buy books for the school library, and Johnston Elementary earned \$1100 to buy books for their school library. Thank you so much for your generosity and for supporting the love of reading with your donations and purchases!

## Use of Video Cameras

The Maquoketa Valley Community School District Board of Directors has authorized the use of video cameras on school district buses. The video cameras will be used to monitor student behavior to maintain order on the school buses to promote and maintain a safe environment. Students and parents are hereby notified that the content of the videotapes may be used in a student disciplinary proceeding. The content of the videotapes are confidential student records and will be retained with other student records. Videotapes will only be retained if necessary for use in a student disciplinary proceeding or other matter as determined necessary by the administration. Parents may request to view videotapes of their child if the videotapes are used in a disciplinary proceeding involving their child.

## Don't Toss 'Em...Clip 'Em!

Maquoketa Valley is one of the many schools across America that collects Box Tops for Education. Box Tops for Education is one of the largest school earnings loyalty programs in the United States. For each Box Top that is donated, Maquoketa Valley receives 10 cents. MV can then use this money to buy whatever is needed for our school. It's easy to find Box Tops. In fact, you may have some in your home right now. Box Tops are found on hundreds of your favorite products—including paper products and school supplies! Just look for the Box Tops for Education symbol and cut it out. Maquoketa Valley collects Box Tops all year long. Simply send them to school with your child to give to their classroom teacher. Once the Box Tops are collected at Maquoketa Valley, they are counted and submitted. Box Tops earnings are then sent out to MV twice a year—once in December and once in April. This is a great way for our school to earn extra money and it's so easy. Clip some Box Tops and turn them into our school today! For more information about Box Tops for Education and a full list of participating products, visit [www.boxtops4education.com](http://www.boxtops4education.com). ## INFORMATION FOR PARENTS AND SCHOOL AGED YOUTH

If you, your family, or someone you know lives in the following situation:

- In a shelter, motel, vehicle, or campground
- On the street
- In an abandoned building, trailer, or other inadequate accommodations, or
- Doubled up with friends or relatives because you cannot find or afford housing

Then you, your family, or someone you know have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act of 2001.

You, your family, or someone you know have the right to:

Go to school, no matter where you live or how long you have lived there. They must be given access to the same public education, including preschool education provided to other children.

Continue in school they attend before you became homeless or the last school they attended, if that is your choice and it is feasible. If a school sends your child to a school other than the one requested by you, the school must provide you with a written explanation and offer you the right to appeal that decision.

Receive transportation to the school they attend before you, your family, or someone you know became homeless or the last school attended if transportation is requested.

Attend a school and participate in school programs with children you are not homeless. Children cannot be separated from the regular program because they are homeless.

Enroll in school without giving a permanent address. Schools cannot require proof of residence that might prevent or delay school enrollment.

Enroll and attend classes while the school arranges for the transfer of school and immunization records or any other documents required for enrollment.

Enroll and attend classes in the school of your choice even while the school and you seek to resolve a dispute over enrolling your children.

Receive the same special programs and services, if needed, as provided to all other children served in these programs.

Receive transportation to school and to school programs.

When you, your family, or someone you know move, the following should be done:

Contact the district's local liaison for homeless education (School Superintendent, 563-922-2091) for help in enrolling you, your child(ren) or someone you know, to continue in his or her former school. (Or someone at a shelter, social services office, or the school can direct you to the person you need to contact.)

Contact the school and provides any information you think will assist the teachers in helping you, your child(ren) adjust to new circumstances.

Ask the local liaison for homeless education, the shelter provider, or a social worker for assistance with clothing and supplies, if needed.

If you need further assistance, call the State Coordinator at the Department of Education at 515-281-3966 or the National Center for Homeless Education at the toll-free Helpline number: 1-800-308-2145
