Time and again, I catch myself using the excuse “this is such a busy time of the year” when trying to justify something I had intended to do but didn’t follow through. Face it: it is ALWAYS a busy time of year so when it comes to prioritizing, it is not about finding time but making time.

I can think of fewer priorities for a parent than that of your child’s education. Your attitude about your child’s success in school will be reflected in your child’s attitude about school. When you make time to ask your child questions about his or her daily student life, keep up with your child’s academic performance online, interact with their educators, and attend parent-teacher conferences, you send a message to your child that his or her success is highly valued. And when you convey value, you encourage pride in performance and instill a lifelong love of learning. When you show that you value education and academic success, it becomes a priority and not an option.

Imagine your child’s education as a tangible asset such as a car or cell phone. I am certain that it matters to you whether your child treats these material items with great care. Though intangible, your child’s education is no less important but has far-reaching consequences if a sense of responsibility and value is cultivated. It is up to you as the parent to demonstrate to your student that attention to education matters. It is up to you to model a positive attitude about academics and it does not matter which direction your child intends to follow after the high school years come to an end. Whether one enters a two or four year college, the military, or the workforce, when a parent shows an interest in their child’s learning, they let him or her know that learning is lifelong. Express interest and curiosity about your student’s performance and you will instill a similar attitude in your child. Make time to interact and connect with your child and our educators: it’s not about finding the time but making the time to make a vital difference in the course of your child’s life.

Go Wildcats!

## Don't Toss 'Em...Clip 'Em!

Maquoketa Valley is one of the many schools across America that collects Box Tops for Education. Box Tops for Education is one of the largest school earnings loyalty programs in the United States. For each Box Top that is donated, Maquoketa Valley receives 10 cents. MV can then use this money to buy whatever is needed for our school. It's easy to find Box Tops. In fact, you may have some in your home right now. Box Tops are found on hundreds of your favorite products—including paper products and school supplies! Just look for the Box Tops for Education symbol and cut it out. Maquoketa Valley collects Box Tops all year long. Simply send them to school with your child to give to their classroom teacher. Once the Box Tops are collected at Maquoketa Valley, they are counted and submitted. Box Tops earnings are then sent out to MV twice a year—once in December and once in April. This is a great way for our school to earn extra money and it's so easy. Clip some Box Tops and turn them into our school today! For more information about Box Tops for Education and a full list of participating products, visit [www.boxtops4education.com](http://www.boxtops4education.com). Maquoketa Valley appreciates your support!

## Athletic Boosters Need YOU

The Maquoketa Valley Athletic Boosters are looking for members who would like to be involved in helping organize and run our events. The Athletic Boosters meet the **first Wednesday of every month** (except July) at 6:30 pm in the high school cafeteria. Please consider sharing your time & talents so that we may continue to provide the needed assistance to our athletic programs.

**The Maquoketa Valley Fine Arts Department will present "Grease" on November 6, and November 7, at 7:30 p.m. and November 8, at 2:00 p.m. in the High School Auditorium.**

**Tickets are \$5.00. They may be reserved or purchased by stopping at the High School Office or by calling 563-922-2091.**

MV's Speech and Drama Department is holding **Winter Wonderland** activities again this year. This will take place November 21, from 10 am to noon. This is a come and go event in the high school cafeteria and gym. Students from preschool to 5th grade will have a fun time creating ornaments, making crafts, playing games and winning prizes, making jewelry (for themselves or as a gift for a family member), making and eating sweet treats, visiting Santa, getting nails painted, and much more. All students will leave with many items that they've created, prizes that they've won, reindeer food for Christmas Eve, and a free picture taken with Santa. Also, students will have a chance to win toys from drawings. Winter Wonderland costs \$10 per student or \$25 for a family. Parents are encouraged to walk around and help their children.

# THANK YOU

A huge Wildcat THANK YOU goes out to the Maquoketa Valley Fine Arts Boosters for their amazing support and assistance in purchasing performance boxes and risers as well as large group speech all-state plaques for the trophy cases! The risers and boxes will be used to enhance many of the speech program's performances and the beautiful plaques are a great way to showcase the many accomplishments of our students involved in the large group speech program. Thank you, Fine Arts Boosters, for your continued support over the years!

## 6th Grade News

6th Graders are off to a wonderful start this year! Their overall great attitude, good work ethic, behavior, and creativity are refreshing and have led to a successful first quarter for all.

Students have dug into their skill work in language arts and have shown consistent improvement since early in the year. Some students have begun reading the novel, The Cay, by Theodore Taylor. Our focus will be practicing story structure along with many other skills and strategies plus digging deeper into themes of the novel.

We have thoroughly enjoyed our various creative writing assignments thus far. Our topics/titles have been "The Strange," "Kidhood Adventures," and an enlightening interview project that the students really enjoyed, to name a few. Dealing with 49 students' writing can be daunting, but these kids' amazing writing pieces have been a delight to read. They are definitely a talented group of students who have proven that good readers make good writers.

In social studies sixth graders are currently in the midst of Unit 1, which focuses on ancient civilizations around the world. Students are creating a two-part project detailing a topic studied so far in this unit. I've seen hundreds of these projects over the years, but this year's group continues to surprise me with what they plan to write about and display.

I can't wait to see what these kids achieve this year with our studies in sixth grade!

## 7th and 8th Grade Language Arts Ali Scherrman

7th and 8th Grade Language Arts students are working on the Science Fiction Unit. Within this unit, students chose between 3 or 4 novels that all fell within the student's reading level, and reading groups were formed based on the choices. We started reading the novels on October 12, and students have 25 class days to read the book. Each reading group has a weekly discussion over the novel in order to gain a deeper understanding of the novel. Along with reading the novels and having discussions, students are working on skills such as determining theme, using textual evidence as support for conclusions, and evaluating the society in the novel. Students will also be evaluating and analyzing aspects of our society and making comparisons between the two societies. There will be an end of the unit essay where students will be writing about their version of a perfect society using the analysis of the book's society and our society for support for the decisions being made. Although this task will be a challenge for the students, hopefully they can use their imagination to complete it.

## REAL LIFE ACADEMY FOR SENIORS

On Thursday, November 5, Maquoketa Valley and Ed-Co seniors will have the opportunity to participate in the Real Life Academy at Maquoketa Valley High School. The Real Life Academy is sponsored by the Delaware County School to Work Committee and introduces high school seniors to the real world of day to day finance--making choices, paying bills and dealing with whatever "fate" may hand you.

Participants are assigned one of their chosen professions, their marital status, and whether or not they have children and/or pets. They are also given their monthly salary and a credit card with no outstanding balance. Most students also have a student loan payment. Students are given a checkbook and register and are required to pay taxes, buy or rent housing, purchase vehicles, insurance, fuel, groceries, clothing, make investments and charitable contributions, pay for child care, pay the phone bill, utilities, etc.

Local business people will be at tables that the students visit to pay for their monthly expenses. There will also be a "Fate" table, where students draw two cards of chance. Sometimes these are positive or they might be negative. There is also a roaming nurse and police officer who hand out fate cards. In order to exit the Real Life Academy students must meet with a banker who reviews the check register to make sure that the student is on track and has between \$0 and \$200 left in their account.

This is the eighth year for the Real Life Academy in Delaware County and it is an excellent opportunity for seniors to experience what budgeting is like in the real world. For more information please contact Barb Hollinrake at the high school at 563-922-2091.
