## Kindergarten

Our littlest wildcats of Maquoketa Valley have had a great start to the year. Kindergarten is such a magical time, and the beginning of the year is no different. We have spent a lot of time these first few weeks learning what it means to be a wildcat by learning the Wildcat Way Expectations. The kids have worked really hard on using their 1 or 2 voice in the classroom, walking in the hallway, keeping their hands and feet to themselves, drinking at the "top of the rainbow" when the water comes out of the water fountain and using their kind words throughout the building. There are a lot of expectations to learn at the beginning of the year and the kindergarten kids have done a great job with this.

We have also started our Positive Action curriculum and have been introduced to the puppets Pix-It and Nix-It. Pix-It and Nix-It have taught us that our self concept is how we feel about ourselves. We have learned about positive thinking vs. negative thinking and how these thoughts can change our day. We are so excited to travel with Pix-It and Nix-It through the Kingdom of Positive Action and learn more about our feelings and how to handle them.

## First Grade

The first graders are off to a great start this year! They have learned so many new rules and procedures that come with being in a new building. Many of them are loving the new gaga ball pit at recess. They are showing off their reading skills, writing stories, and practicing phonics sounds. In math, they are learning to count on and make ten. Through experimentation in science class, they have discovered that sound is caused by vibration and how to change the volume and pitch of a sound. We are so excited to continue learning and exploring together this school year!

## The Regulation Station Delhi Elementary 3-5

Students have been learning about the Zones of Regulation, which is a curriculum that teaches students how to regulate their emotions. Through guidance and classroom lessons, students have learned many tools and strategies to help them self-regulate in the classroom. Some situations and some students require more time, space, or assistance from an adult. This is where The Regulation Station comes into play.

The Regulation Station is a safe place where students can go if they are in need of a quiet place to refocus, recenter, regulate or just need a break. Students typically go to The Regulation Station on their own, but there may be times when a teacher may ask a student if they need to utilize the room. The regulation station is located in a small room off our library and is supervised by an adult. Our goal is to provide a safe, private space with a variety of calming tools to assist students in getting regulated so they can return to class and be their best self!

As adults, we self regulate all the time and have probably never called it self regulation. Sometimes when we are stressed, we may need to take a break. During this time we may take deep breaths, we may need to remove ourselves from a situation, we may go the long way home so we can clear our minds, or we may listen to music to help us to feel more calm. These are all examples of self regulation techniques that we as adults do everyday.

As a school, our goal is to educate and assist our students on a variety of self regulation strategies that they can use whenever and wherever they need. Please let us know if you have any questions. You can reach out to Mrs. Becker (Principal), Mrs. Frasher (Behavioral strategist) or Mrs. Jaeger (Counselor), we would be happy to assist you.

Dear Families,

The Box Tops for Education program is changing the way we can earn cash for our school!

Over the summer, participating brands have begun to change their packaging from the traditional Box Tops clip to the new Box Tops label.

SEE THIS...  
**CLIP IT**

SEE THIS...  
**SCAN**  
YOUR RECEIPT

Going forward, instead of clipping from packages and checking expiration dates, all Box Tops will be earned digitally by scanning your receipt. The Box Tops for Education team has worked hard to build a NEW-and-improved, user-friendly Box Tops mobile app, available now.

The new app features state-of-the-art technology that allows you to scan your store receipt, find participating products and instantly add Box Tops to our school's earnings online.

**BE SURE TO DOWNLOAD THE NEW APP  
OR UPDATE YOUR EXISTING APP:**

If you still have traditional Box Tops clips at home, make sure to send them to school. We will still earn cash for all clipped Box Tops until they expire. Better yet, you can “double dip” during the packaging transition by clipping traditional Box Tops AND scanning your store receipt containing participating products.

Thanks for helping our school get what it needs!
