Kick start your day with a good breakfast!

A message from Nurse Mary adapted from Kids Health

You probably heard it from your own parents: Breakfast is the most important meal of the day. Now you're the one saying it — to your sleepy, frazzled, grumpy kids, who insist "I'm not hungry" as you try to get everyone fed and moving in the morning. Even if you eat a healthy morning meal every day, it can be tough to get kids fueled up in time for school, childcare, or a day of play. However, it's important to try.

Why Bother With Breakfast?

Breakfast is a great way to give the body the refueling it needs. Kids who eat breakfast tend to eat healthier overall and are more likely to participate in physical activities — two great ways to help maintain a healthy weight. Skipping breakfast can make kids feel tired, restless, or irritable. In the morning, their bodies need to refuel for the day ahead after going without food for 8 to 12 hours during sleep. Breakfast also can help keep kid's weight in check. Breakfast kick-starts the body's metabolism, the process by which the body converts the fuel in food to energy. When the metabolism gets moving, the body starts burning calories. Also, people who don't eat breakfast often consume more calories throughout the day and are more likely to be overweight. That's because someone who skips breakfast is likely to get hungry before lunchtime and snack on high-calorie foods or overeat at lunch.

Breakfast Brain Power

It's important for kids to have breakfast every day, but *what* they eat in the morning is crucial too. Choosing breakfast foods that are rich in whole grains, fiber, and protein while low in added sugar may boost kids' attention span, concentration, and memory — all very important in order to learn in school. Kids who eat breakfast are more likely to get fiber, calcium, and other important nutrients. They also tend to keep their weight under control, have lower blood cholesterol levels, have fewer absences from school, and make fewer trips to the school nurse with stomach complaints related to hunger.

Maquoketa Valley provides daily breakfast, for your child, at a nominal fee or through the free and reduced program, to assist you in providing this essential meal of the day.

Regular Board Meeting

August 15, 2016

The regular meeting of the Maquoketa Valley Board of Education was called to order by President John Zietlow at 6:00 p.m. in the Middle School Conference Room in Delhi, Iowa. All motions carried unanimously unless otherwise noted. Four board members were present. There were nine staff members present and four visitors. The agenda and consent items were approved.

Larry and Laura Schuman took a few minutes to address the Board concerning open enrollment guidelines and concerns regarding equal playing time in extracurricular activities.

One open enrollment request was not approved.

The substitute associate and substitute cook hourly rate was increased from \$7.25 to \$11.00 per hour.

The Board approved, Dawn Mausser, Vo-Ag instructor, permission to take students to the World Dairy Expo in Madison, Wisconsin on October 4th. Our students will be participating in the Central National Dairy Judging, Dairy Foods and Forage Analysis contests. The Board also approved Mrs. Mausser to take students to the National FFA Convention in Louisville, Kentucky on October 18th – October 22nd.

John Zietlow and Doug Dabroski will serve as the district's audit committee for the 2016-2017 school year. The district audit is scheduled for the week of September 26th.

On August 2nd Shaylyn Trenkamp, a 2016 Maquoketa Valley graduate, addressed a general session at the School Administrators of Iowa Conference in Des Moines. Ms. Trenkamp speech centered around why she chose to follow her dream to become a teacher. Supt. Tuetken shared the powerful speech with the Board.

Supt. Tuetken updated the Board on his involvement in the Manchester Sector Board.

The Board discussed the possibility of hiring an outside firm to do some marketing to promote our school district which would include managing and updating social media and our website. Supt. Tuetken will begin gathering information from potential agencies and present to the Board in an upcoming meeting.

The September board meeting will be held at Johnston. This will allow the Board to tour the building and see all the recent updates done to the facility. The September meeting will be held on September 19th and begin at 6:00 p.m. At 6:56 p.m. in a motion by Kunde, seconded by Feldmann the Board entered into a closed session pursuant to Chapter 21.9 of the Code of Iowa for the purpose of discussing strategy in matters relating to employment conditions of employees of the school who are not covered by the collective bargaining agreement. A roll call vote was answered all ayes.

At 7:15 p.m. the Board returned to open session.

The meeting adjourned at 7:16 p.m.

Got Produce???

The Maquoketa Valley FCS department is planning a preserving unit and we would like to do an assortment of canning of vegetables and fruit. If you have any extra garden produce that you would like to donate, please contact Karla Downs at the high school. Call 563-922-2091 or email karladowns@maquoketa-v.k12.ia.us

In the past we have canned tomatoes in many different ways, grapes, pears, apples, pumpkins etc. Depending on produce availability we would like to can vegetables in water bath and pressure canner along with freezing, dehydrating and making of jams and jellies.

Volunteers Welcome

Maquoketa Valley is always in need of kind, caring adults who want to give their time to help the children at school. If you are interested, please contact any Administrator listed on the cover of this newsletter.

School Bus Safety

The Iowa Department of Public Safety and the Iowa Department of Education would like to remind motorists to pay attention to safe driving rules in low-light conditions, particularly in school zones and when approaching bus stops. Watch for children who may be walking or riding their bikes. Never pass a stopped school bus with its stop arm extended and when the **yellow or red lights** are flashing. The Iowa State Patrol reminds all drivers to please be extra careful as you drive through school zones and on Iowa's roadways. Please stay alert for pedestrian and school bus traffic.

Discount Student Passes

Maquoketa Valley offers a Student Activity pass. It allows the students to get in athletic events for \$3 instead of \$5. The cost of the pass is \$30 - it is good for 10 events, not counting districts. The student will need to show the pass and get it punched. It can be used by multiple students, but the student who's name is on the pass must be present when the pass is used. (A student cannot say "Punch this for my friend Sally. She'll be coming later.") Parents or students can obtain the pass in the high school office.

Retired Citizens

Maquoketa Valley offers a Senior Citizen pass to anyone who is 65 years of age or older and resides in the District (Board Policy 1007.010). This pass entitles senior citizens free admission to all Maquoketa Valley sponsored events held at the school (athletics, drama, music, art, etc.) Events not sponsored by the M.V. District, but held at our school would be sectional or district state tournaments, fund-raising activities by our booster clubs, or any event sponsored by an outside organization. If interested, call the Middle School Office at 563-922-9422.

HOMEcoming 2016

Maquoketa Valley High School will celebrate Homecoming during the week of September 18 - September 24, 2016. The week will start out with the seniors vs. juniors in Iron Man Volleyball at 1:00 pm on Monday, September 18th in the high school gym; Powder Puff football will follow on the football field, at approximately 2:15. Friday, September 23 is a busy day with the Parade at 2:00 p.m., and the Pep Rally and crowning of the 2016 Homecoming King following. Game time is 5:00 pm, Maquoketa Valley Wildcats vs. Tipton Tigers. Crowning of the 2016 Queen will take place at half-time of the varsity game. A dance will be held to celebrate Homecoming on Saturday, September 24th from 8:00-11:00 pm in the high school cafeteria. Any business or group interested in being in the Parade, please contact Doug Tuetken at the high school at 922-2091.

September 1, 2017 -- Last date to open enrollment requests for students entering kindergarten for '17-18

Parents should be aware that only "good cause" reasons will be considered past the deadline. Parents/guardians of open enrollment students whose income falls below 160% of the federal poverty guidelines are eligible for transportation assistance. This may be in the form of actual transportation or in the form of a cash stipend. Parents should be aware that open enrollment may result in the loss of athletic eligibility. If an original request to open enroll was based on repeated acts of harassment or a serious health condition of a student, parents have the right to appeal to the State Board of Education if the request to open enroll was denied.

For further details, and appropriate forms, contact the school administration office at 563-922-9422.

Medication Policy Update

Medication ordered by a doctor, and over-the-counter medicines may be given at school. In order for medication to be given, the parent will need to obtain a "Drug Release" form from the school office. A supply of these forms will be kept in the elementary offices as well as in the high school office. This form must be signed by the parent or legal guardian. It is the parents' responsibility to bring the form and the medicine to school. Medication must be in the original container. Tell your pharmacist you need a bottle labeled for school. Medications ordered three times per day does not necessarily have to be given at school unless it is specifically ordered at that time. It is possible to give it as home before the child leaves for school, after school, and at bedtime. If you have questions regarding this policy, please call Mary Ries, the M.V. School Nurse at 563-922-9411.

Asbestos and AHERA

The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted by Congress fourteen years ago. AHERA was created to determine the extent of, and develop solutions for, any problems schools may have with asbestos. During the summer months of 2003 we replaced new ceiling tile in the auditorium with asbestos-free tile. Then in the summer 2004, that same type of tile was replaced in the Family and Consumer Health classroom in the high school building. The summer of 2012 asbestos insulation was removed from around the boilers and pipes. The records of our asbestos reports and removal are on file at the Maquoketa Valley Business Office and can be viewed Monday through Friday, between 8:00 AM and 4:00 PM. Any inquiries regarding the plan should be directed to Doug Steger, Maintenance Coordinator.

Post Secondary ENROLLMENT ACT

The Post Secondary Enrollment Options Act (Iowa Code 261C, 1989) was enacted to promote rigorous academic pursuits and to provide a wider variety of options to high school 9th & 10th grade talented and gifted students, and all 11th & 12th grade students by enabling them to enroll part time in nonsectarian courses in eligible post secondary institutions of higher learning in Iowa.

Student Eligibility

A student who first enrolls under Board Policy 603.120 at the beginning of grade 11 may enroll in post secondary courses for secondary credit for a period of time not to exceed four semesters, or six quarters, or the equivalent of two academic years. A student who first enrolls at the beginning of grade 12 may enroll in post secondary courses under this policy for secondary credit for a period of time not to exceed two semesters, or three quarters, or the equivalent of one academic year.

Persons who have graduated from high school are not eligible under this policy. However, students who are eligible for early graduation will be permitted to participate under this policy for the remainder of that regular school year provided that they have not received a diploma prior to the end of the school year.

The Maquoketa Valley Community School District may provide counseling services to aid students and parents or guardians in decision making. These counseling services will be structured to do the following:

1. Inform students and parents or guardians about options available in the high school, in post secondary institutions, and about schedules of course offerings.
2. Aid students to clarify goals.
3. Advise students regarding benefits and risks of participation in a post secondary program, including the academic, social, emotional, and other facets of participation under the Act.
4. Encourage joint counseling for students from both our high school and the post secondary institution counseling staff.
5. Assist students to plan schedules and select courses for the entire year.

A student anticipating participation under the Act should inform the guidance department no later than March 15, although the student is not bound by this date. The signatures of the student and parent or guardian are required prior to enrolling in the course. These signatures indicate that the student and parent or guardian received information regarding the program, are aware that counseling is available, and are aware of their responsibilities when participating under the Act. If the student is 18 or older, only the student's signature is required.

The Maquoketa Valley Community School District shall certify the eligibility of its students for participation under the Act. A student shall not be eligible for participation until the school district completes a certification of eligibility.

Type of Credit

The student will be granted one credit for each course that is successfully completed as determined by the post secondary institution and approved by the Board of Education. In order for a course to yield one high school credit, it must either be pursued for eighteen weeks for at least two hundred minutes per week or for the equivalent of sixty hours of instruction. If there is a dispute between the school district and the student regarding the credits to be granted, the student may appeal the Board of Education's decision to the State Board of Education.

Eligible Post Secondary Courses

Post secondary courses eligible for students to enroll in under this Act shall be limited to the following:

1. Nonsectarian courses.
2. Courses that are not comparable to courses offered by the school district.
3. Credit bearing courses that lead to an educational degree.
4. Courses in the discipline areas of mathematics, science, social sciences, vocational technical education, or a course offered in the community college career options program.
5. Courses that meet any other requirements set out by the board.

Transportation

The parent or guardian of an eligible student who has enrolled in and is attending an eligible post secondary institution under this Act shall furnish transportation to and from the eligible post secondary institution for the student.

Payment of Courses

Students shall be eligible for reimbursement for tuition and other costs directly related to the course up to \$250. In order to receive payment, the student needs to receive board approval prior to enrolling in the course and file an official university or college grade report documenting successful completion of the course.

Students who take courses during the summer months when school is not in session shall be responsible for all costs of the courses.

USE OF STUDENT RECORDS

Student records are defined to be all official records, files and data directly related to children, including all material that is incorporated into each student's cumulative record folder, and intended for school use or to be available to parties outside the school or school system; specifically including, but not necessarily limited to: identifying data, academic work completed, level of achievement (grades, standardized test scores; attendance data, scores on standardized intelligence, aptitude, and psychological tests, interests inventory results, health data, family background information, teacher or counselor ratings and observations, and verified reports of serious or recurrent behavior patterns.

The parent or legal guardian will, upon written request to the office of the principal, have the opportunity to receive an interpretation of the records, have the right to question the data, and if a difference of opinion is noted, shall be permitted to file a letter in the cumulative folder stating the dissenting person's position. If further challenge is made to the records, the normal appeal procedures established by school policy will be followed.

2. School personnel having access to student data are defined as "any person or persons under contract to the school or AEA and directly involved in working toward either the affective or cognitive goals of the school.

Release of Information to Other Persons

No information covered by this policy will be released to any persons or agency without the written consent of the adult student or the parents or guardian of a minor student; with the following exceptions:

1. School personnel with a legitimate educational interest.
2. Officials of other schools in which the student proposes to enroll.
3. Representatives of state and local government when auditing and evaluating Federal and State funded educational programs.

6. Accrediting organizations for accrediting purposes.
7. Parents of dependent children, regardless of child's age.
8. In connection with an emergency.
9. In response to a court order or legally issued subpoena.

Procedures

1. Each cumulative student record shall contain a reference to the location of any additional records pertaining to a given student with a notation as to the nature of the information contained therein.

2. Persons, other than school personnel with a legitimate educational interest, who are allowed access to student records under this policy shall make notation therein of their name, position, date, and the purpose for access.

3. In the event that a duly authorized person requests a review of a student record, no information contained therein shall be removed or altered except that additional information may be added as the normal course of school operations shall require.

Notice of Rights

The school administration shall notify students and parents annually, through the Students Handbook or similar publication, of the rights accorded students and parents under this policy.

Review and Removal

Student records are reviewed and inappropriate material removed periodically, but at a minimum when a student moves from elementary school to junior high school. Those records not of permanent importance are destroyed within five years of graduation or discontinued attendance.

Responsibility for Student Records

1. The superintendent or the superintendent's designee shall be the custodian of all student records maintained at the district level.

2. The principal or his/her designee shall be the custodian of all student records at the building level and shall make maximum provision for protection of student records from review by unauthorized personnel and for maximum physical security of such student records.

FERPA responsibilities

Federal law requires that school districts annually send to parents a notice of rights under the Family Educational Rights and Privacy Act (FERPA) and the Protection of Pupil Rights Amendment (PPRA). The law does not state when the notices are to be sent to parents, but at the beginning of the school year makes the most sense. The U.S. Department of Education provides model notices at the links below. Questions about FERPA or the PPRA should be direct to the Family Policy Compliance Office of the U.S. Department of Education at 202-260-3887 or FERPA@ED.Gov.

Family Rights and Privacy

The Family Rights and Privacy Act of 1974 requires annual notification to parents of children enrolled in special education instructional programs, operated by this school district of their rights to review the special educational records of their children.

This federal law allows the parent or guardian the following: (1) a review of your child's special education records; (2) to obtain copies at a nominal fee; (3) to write a response to materials in the record; (4) to challenge the content of the records on the grounds of inappropriateness or inaccuracy.

You also have the right to have such records explained to you by a professional staff member if you so desire. If you desire further information, contact the Superintendent of Schools or the School Board Secretary at Maquoketa Valley Community Schools, Delhi, Iowa 52223, phone 563-922-9422.

Students are educated in the programs that foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of diverse cultural groups, as well as men and women, to society. Students who feel they have been discriminated against are encouraged to report it to the school district Equity Coordinator. The Equity Coordinator is Doug Tuetken, Maquoketa Valley Community Schools, PO Box 186, Delhi, IA 52223, 563-922-9411.

The Rehabilitation Act

Section 504 of the Rehabilitation Act of 1973 prohibits discrimination against persons with a disability in any program receiving federal financial assistance. In order to fulfill obligations under Section 504, the Maquoketa Valley Community School District has the responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability should knowingly be permitted in any of the program and practices of the school system.

The Maquoketa Valley Community School District has the responsibility under Section 504 to identify, evaluate, and if the student is determined to be eligible under Section 504, to afford access to appropriate educational services.

If the parent or guardian disagrees with the determination made by the professional staff of the school district, he/she has a right to a hearing with an impartial hearing officer.

No Child Left Behind

Parents/guardians in the Maquoketa Valley Community School District have the right to learn about the following qualifications of their child's teacher, state licensure requirements for the grade level and content areas taught, the current licensing status of your child's teacher, and baccalaureate/graduate certification/degree. You may also request the qualifications of an instructional paraprofessional who serves your students in a Title I program or if your school operates a school wide Title I program. Statement on Sportsmanship

This message is from our Conference principals and activity directors regarding spectator conduct at our events. We are running this message to remind all of us adults that our children will imitate our behavior at these events, so please take a moment to read this message.

The Tri-Rivers Conference has great schools, full of terrific kids, supported by caring and concerned parents and committed communities. As administrators, in general we feel very positive about our schools and the relationships between our schools. We do strongly believe that the sportsmanship displayed at our games by the majority of our fans, players and coaches is something in which we can all take pride. Granted there are some exceptions, and on occasion we have to address sportsmanship issues on the part of a player, coach or student fan. These relatively rare situations are dealt with as they arise.

We want to make you as parents, our wider community, aware of another more difficult sportsmanship issue. Unlike the scenario at hand above, where an administrator deals with a player, coach or student fan who has displayed inappropriate sportsmanship; this situation is both more common and more difficult to deal with in that the offenders are the adults in our stands. While the vast majority of the parents and other adult fans in the stands conduct themselves in a positive fashion, a very small, but vocal minority chose to ride the referees on nearly every call, taunt other players and coaches and make loud critical comments about our own players and coaches. Some even seem to feel it is OK to use abusive or even foul language. We, as administrators, address these issues when we can; but the reality is that we really shouldn't have to tell adults how to behave. We ought to be able to count on all the adults to conduct themselves in such a way as to serve as a role model for the students in the stands. Again, remember that the vast majority of the adults do take their responsibility in regard to sportsmanship seriously. We just need everybody to do that.

A basic truth in competition is that in every game someone wins and someone loses; but when we focus on that essential fact instead of the learning process we are losers no matter which team comes out on top. High School Officials make mistakes and that is another essential truth. It also is indisputable that everyone reading this letter also makes mistakes. Those occasional errors on the part of the referees do not change the fact that our officials do their best to call a fair, safe and well regulated game. The fact that an adult paid the admission price should not give them the right to use abusive language or continually harass the officials. I doubt there has ever been a single time where an official changed a call because a fan was screaming at him or her. We just need all of our fans to think about why we are here - it is for the kids and the competition and more importantly what that competition can teach our students about life. High School activities are focused on preparing students for the really important roles that they are going to play long after they leave the court or field for the last time, lessons about citizenship, parenting and moral fiber. If we focus on that, then we can all say we are serving as proper role models for our children and putting sportsmanship in its proper place, a place first and foremost in our hearts and minds. Thank you for your consideration of these matters.

Notice on Restraint

State law forbids school employees from using corporal punishment against any students. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees' abilities to restrain, confine and detain any student. The law limits why, how, where and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent.

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education's web site: www.iowa.gov/educate.
