MV TEL, Teens Eliminating Lies by Teaching, Engaging and Listening

Where did the summer go and what did you spend your time doing? Well, six MV TEL, Teens Eliminating Lies by Teaching, Engaging and Listening, students and myself, spent a week of our summer in the Dallas, Texas area. I got to hang out with Lydia Helle, Emma Hill, Allison Dunn, Paige Panosh, Taya Tucker and Adrienne Freiburger. What a great group of youth leaders.

Our TEL group works very closely with Jen Stolka from Helping Services. She is a professional who works on alcohol misuse prevention. She attends many of the meetings that the TEL group holds during the school year, provides us with facts, advice and resources to complete projects that the students work on. She has invited MV students to go to a conference the past two years, all major expenses paid by a Helping Service grants. The Community Anti-Drug Coalitions of America, CADCA, mid-year convention is held each summer. This year there were more than 500 youth in attendance, from most of the United States and even foreign countries.

The reason that the MV students have been selected is because they continue to be a very active group that sets goals, makes a plan of action and then brings that plan to fruition. As stated in name behind the group, they Teach students and adults about the misuse and dangers of substances, Engage students, staff and the community in the cause they are working on, and Listen to other's opinions when developing plans of action.

While at the conference students attend sessions from 8:30-3:30, learning about the Logic Model, process. Through this process they determined a single problem they will work on to improve the atmosphere in their community. This year, the students decided to tackle the problem of underage drinking, specifically, the accessibility that teens have to alcohol. According to the 2018/19 Iowa Youth Survey, approximately 3/4 of Juniors and almost 1/2 of Eighth grade students reported that it was easy to obtain alcohol. They have come up with several ways to tackle this problem. Their goal is to see a drop in the afore mentioned percentages. They recently presented some of these ideas to the Board and Administrators. They will meet with the Freshman on September 11, and then the entire TEL group on September 18, to set a timeline and get more help putting their plan into motion.

MV TEL, Teens Eliminating Lies by Teaching, Engaging and Listening

If you are interested in supporting these students or learning more about what they do, you can contact me or come to our first meeting. The meeting will be held during WIN time, which is 2:55 -3:20. We welcome more community involvement.

While we did work very hard, while in the conference setting, we also found a little time to have fun as well. We went to the Dallas Zoo, an aquarium, two Escape Room visits...we made it out both times, visited the mall and spent a lot of time at the pool meeting people from all over the country.

It is our hope that MV TEL continues to grow in active members as well as making a difference in our community. If that leads to another CADCA trip, that's just the icing on the cake.

Weather Calls

MV reports their school closings and cancellations to 3 TV stations: KGAN (2), KWWL (7), and KCRG (9), by 6:25 a.m. They also report them to these radio stations: KMCH and KDST. If you would like to be added to the MV Text alert, contact Cheryl Gates at 563-922-2091.

Watch for children who may be walking or riding their bikes. Never pass a stopped school bus with its stop arm extended and when the yellow or red lights are flashing. The Iowa State Patrol reminds all drivers to please be extra careful as you drive through school zones and on Iowa's roadways. Please stay alert for pedestrian and school bus traffic.

Guidelines for Volunteers

Maquoketa Valley is always in need of kind, caring adults who want to give their time to be with and help the children at school. The role of a volunteer is an important one, and while enjoyable, requires accepting certain responsibilities. We have developed guidelines to help ensure that Maquoketa Valley students and our volunteers have a safe and rewarding experience while at school. We are asking that all volunteers who are supervising students, who volunteer on a consistent basis, or who are accompanying students at an event to sign a "Guidelines for Volunteer" form and also complete the paperwork for the district's background check. This will help to further protect our students as well as our volunteers. These forms can be picked up in any of our school offices.

FERPA responsibilities

Federal law requires that school districts annually send to parents a notice of rights under the Family Educational Rights and Privacy Act (FERPA) and the Protection of Pupil Rights Amendment (PPRA). The law does not state when the notices are to be sent to parents, but at the beginning of the school year makes the most sense. The U.S. Department of Education provides model notices at the links below. Questions about FERPA or the PPRA should be direct to the Family Policy Compliance Office of the U.S. Department of Education at 202-260-3887 or FERPA@ED.Gov.

Open Enrollment

Parents/guardians considering the use of the open enrollment option to enroll their child/ren in another public school district in the state of Iowa should be aware of the following dates.

March 1, 2020 - Last date for regular open enrollment requests for the 2020-2021 school year.

September 1, 2020 - Last date to open enrollment requests for students entering kindergarten for '20-21

Parents should be aware that only "good cause" reasons will be considered past the deadline. Parents/guardians of open enrollment students whose income falls below 160% of the federal poverty guidelines are eligible for transportation assistance. This may be in the form of actual transportation or in the form of a cash stipend.

Parents should be aware that open enrollment may result in the loss of athletic eligibility. If an original request to open enroll was based on repeated acts of harassment or a serious health condition of a student, parents have the right to appeal to the State Board of Education if the request to open enroll was denied.

For further details, and appropriate forms, contact the school administration office at 563-922-9422.

Student Directory

The following information may be released to the public in regard to any individual student of the school district as necessity or desirability arises. Any student, parent, or guardian not wanting this information released to the public must make objection in writing to the principal or other person in charge of the school which the student is attending. It is desirable to renew this objection at the beginning of each school year:

Name, address, telephone listing, electronic mail address, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous school or institution attended by the student, student ID number, user ID.

Any high school parent who does NOT wish to have your child's information released to any outside organization or business, please pick a form up in the high school office.

Level One Investigator

According to Iowa Code chapter 281 - 1AC chapter 102, all school boards in Iowa must designate at least one Level One investigator annually to look into allegations of abuse of students by school employees. The Level One investigator for Maquoketa Valley Schools is Administrator, Brenda Becker . If you have any questions concerning this subject, please contact Brenda Becker at Delhi Middle School, phone number 563-922-9411.

Teacher Qualifications

Parents and guardians in the Maquoketa Valley School District have the right to learn about the following regarding their child's teacher's qualifications: state licensure status, special endorsements for grade level / subject area taught and baccalaureate / graduate certification / degree. Parents and guardians may request this information from the Administration Office at 563-922-9422 or be sending a letter of request to the Office of the Superintendent, Maquoketa Valley Schools, 112 3rd Street., P.O. Box 186, Delhi, IA 52223-0186.

Health Curriculum

Senate File 2094, Human Growth and Development, requires annual notification to parents of their right to review all human growth and development curriculum. You may do so by contacting Ann Norton, School Improvement Coordinator, at 563-926-2701. A pupil shall not be required to take instruction in human growth and development as long as the pupil's parents or guardian files with the appropriate principal a written request that the pupil be excused from the instruction.

Medication Policy Update

Medication ordered by a doctor, and over-the-counter medicines may be given at school. In order for medication to be given, the parent will need to obtain a "Drug Release" form from the school office. A supply of these forms will be kept in the elementary offices as well as in the high school office. This form must be signed by the parent or legal guardian. It is the parents' responsibility to bring the form and the medicine to school. Medication must be in the original container. Tell your pharmacist you need a bottle labeled for school. Medications ordered three times per day does not necessarily have to be given at school unless it is specifically ordered at that time. It is possible to give it as home before the child leaves for school, after school, and at bedtime. If you have questions regarding this policy, please call Mary Ries, the M.V. School Nurse at 563-922-9411.

Asbestos and AHERA

The Asbestos Hazard Emergency Response Act of 1986 (referred to as AHERA) was enacted by Congress fourteen years ago. AHERA was created to determine the extent of, and develop solutions for, any problems schools may have with asbestos. During the summer months of 2003 we replaced new ceiling tile in the auditorium with asbestos-free tile. Then in the summer 2004, that same type of tile was replaced in the Family and Consumer Health classroom in the high school building. The summer of 2012 asbestos insulation was removed from around the boilers and pipes. The records of our asbestos reports and removal are on file at the Maquoketa Valley Business Office and can be viewed Monday through Friday, between 8:00 AM and 4:00 PM. Any inquiries regarding the plan should be directed to Doug Steger, Maintenance Coordinator.

Statement on Sportsmanship

REQUIRED INFORMATION

Notice on Restraint

This message is from our Conference principals and activity directors regarding spectator conduct at our events. We are running this message to remind all of us adults that our children will imitate our behavior at these events, so please take a moment to read this message.

The Tri-Rivers Conference has great schools, full of terrific kids, supported by caring and concerned parents and committed communities. As administrators, in general we feel very positive about our schools and the relationships between our schools. We do strongly believe that the sportsmanship displayed at our games by the majority of our fans, players and coaches is something in which we can all take pride. Granted there are some exceptions, and on occasion we have to address sportsmanship issues on the part of a player, coach or student fan. These relatively rare situations are dealt with as they arise.

We want to make you as parents, our wider community, aware of another more difficult sportsmanship issue. Unlike the scenario at hand above, where an administrator deals with a player, coach or student fan who has displayed inappropriate sportsmanship; this situation is both more common and more difficult to deal with in that the offenders are the adults in our stands. While the vast majority of the parents and other adult fans in the stands conduct themselves in a positive fashion, a very small, but vocal minority chose to ride the referees on nearly every call, taunt other players and coaches and make loud critical comments about our own players and coaches. Some even seem to feel it is OK to use abusive or even foul language. We, as administrators, address these issues when we can; but the reality is that we really shouldn't have to tell adults how to behave. We ought to be able to count on all the adults to conduct themselves in such a way as to serve as a role model for the students in the stands. Again, remember that the vast majority of the adults do take their responsibility in regard to sportsmanship seriously. We just need everybody to do that.

A basic truth in competition is that in every game someone wins and someone loses; but when we focus on that essential fact instead of the learning process we are losers no matter which team comes out on top. High School Officials make mistakes and that is another essential truth. It also is indisputable that everyone reading this letter also makes mistakes. Those occasional errors on the part of the referees do not change the fact that our officials do their best to call a fair, safe and well regulated game. The fact that an adult paid the admission price should not give them the right to use abusive language or continually harass the officials. I doubt there has ever been a single time where an official changed a call because a fan was screaming at him or her. We just need all of our fans to think about why we are here - it is for the kids and the competition and more importantly what that competition can teach our students about life. High School activities are focused on preparing students for the really important roles that they are going to play long after they leave the court or field for the last time, lessons about citizenship, parenting and moral fiber. If we focus on that, then we can all say we are serving as proper role models for our children and putting sportsmanship in its proper place, a place first and foremost in our hearts and minds. Thank you for your consideration of these matters.

State law forbids school employees from using corporal punishment against any students. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use "reasonable and necessary force, not designed or intended to cause pain" to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees' abilities to restrain, confine and detain any student. The law limits why, how, where and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child's parent.

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education's web site: www.iowa.gov/educate.
