

October 3, 2022

Dear High School Counselor,

Greetings from the College of Engineering at Iowa State University! We hope your Fall semester is off to a good start. We wanted to update you on College of Engineering scholarships for students entering college in Fall 2023.

The application period for engineering scholarships is from September 15, 2022 – January 10, 2023 for qualified students. (See enclosed sheet for details). To receive an invitation to apply for scholarships, students must have applied for admission to Iowa State University. These scholarships are stackable with financial awards a student may potentially receive through our Office of Admissions.

We have also included some complimentary posters for use in your school – feel free to post them in your counseling office or distribute them to math, science, Project Lead The Way (PLTW) or other technology classrooms. If you have any questions, please contact our office at (515) 294-7186. We look forward to welcoming your students to the College of Engineering at Iowa State University!

Sincerely,

Deanna Gerber
