Phone: (563)927-4590 Ext. 3

November 01, 2023

Dear High School Guidance Counselors and Ag Teachers,

Attached is an application for high school seniors interested in a **SCHOLARSHIP** being offered by the Conservation Districts of Iowa and the Delaware Soil & Water Conservation District. Please photocopy as needed.

This scholarship may be used by Iowa high school seniors for their first year of college education. While this is a wide field and many studies qualify, preference will be given to students pursuing programs of study in conservation. Students should be sure to submit their application to the Conservation District in which they live.

The Delaware County Soil and Water Conservation District Commissioners will review the scholarship applications and select the leading applicant to receive a \$250 scholarship from the Delaware Soil & Water Conservation District. This application will then be submitted to the CDI Regional Director who will choose a regional application to submit for consideration at the state level. After final selections, the top **three scholarships** will be awarded at the state level in the amounts of **\$3000, \$2000 and \$1000**. Winners from the **remaining six regions** will each receive **\$500**. First, second, and third place awards will be paid directly to the applicant's school of choice in two equal installments, one upon enrollment at the beginning of the year and the second at midterm. The six other scholarships will be paid directly to the applicant's school of choice in one installment.

Scholarship applications are judged based on the following criteria:

- **20 points** for Involvement, Leadership and Character
- **20 points** for Career
- **30 points** for Scholastic Achievement
- **30 points** for Conservation Message

Applications need to be submitted to the Delaware Soil and Water Conservation District by Friday, February 9, 2024, also available online at: <https://cdiowa.org/get-involved/scholarships/>. If the student attends school in Delaware County but lives in another county the application will need to be submitted to the Soil & Water Conservation District in which they live. CDI will inform the local SWCD by May 3, 2024 if they have an application that has been awarded a scholarship. The SWCD will in turn notify the student & school.

If you have any questions, please feel free to contact me at sarah.kelchen@ia.nacdnet.net or call 563-927-4590 ext. 3.

Sincerely,
Sarah Kelchen
Conservation Assistant
