Welcome:

The policies and procedures contained in this Handbook are a result of a concentrated effort on the part of the faculty, students, parents and administration of Maquoketa Valley. The information in this booklet has been prepared to help you understand the expectations at all Maquoketa Valley Elementary Schools and become an integral part of it. This handbook is a guide to be used by the administration. All circumstances are not the same and interpretation is left to the administration. The ultimate purpose of education is to help each student become a productive citizen. Remember that your success in this school will be directly proportional to the **effort you** put into it. This handbook will serve as a guide to help make you aware of your surroundings, restrictions and responsibilities. You are urged to read the following items concerning policies, regulations and services so that you will receive maximum educational benefits during the 2025-2026 school year.

Our Mission Statement:

Maquoketa Valley Community School District ensures high levels of learning to empower all students for lifelong success.

Core Values:

1. Maquoketa Valley will ensure high levels of growth and achievement in all academic areas through quality instruction.
2. Maquoketa Valley will provide a safe environment that supports students' physical, social, emotional, and behavioral well-being.
3. Maquoketa Valley will effectively manage district resources to ensure quality facilities, transportation, and food services in a safe, well-maintained educational environment.
4. Maquoketa Valley will collaborate with families and the community to ensure a productive partnership to help our students thrive in a local and global community.

School Song, School Colors and School Mascot:

Maquoketa Valley's school colors are black and gold with a Wildcat as a mascot. Our school song is the Iowa Fight Song, with the following words:

IOWA Fight Song/MAQUOKETA VALLEY School Song

Go, you Wildcats, fight, fight, fight.....

We're gonna fight, fight, fight for M.V. High,

Let every loyal Wildcat sing.

We're gonna fight, fight, fight for M.V. High,

Until the walls and rafters ring.

GO 'Cats!

We're gonna cheer, cheer, cheer for M.V. High,

We're gonna cheer until we hear the final gun.

We're gonna fight, fight, fight for M.V. High,

Until the game is won!

FIGHT!

Description of the School:

Four attendance centers provide the setting for the academic and co-curricular activities of the district. The district has three elementary centers located in Delhi, Earlville, and Hopkinton. Earlville Elementary is the early childhood center and Johnston Elementary, located in Hopkinton and named after Hopkinton native and former State Superintendent of Public Instruction Paul F. Johnston, houses our 1st and 2nd graders. The Delhi Elementary/Middle School facility houses grades 3 through eighth grades. Also located in Delhi is Maquoketa Valley High School, which serves students in grades nine through twelve.

A Message to the Parents:

It is only through your cooperation and support that our school can operate effectively and efficiently. In order for your children to profit most from their school experiences and to develop into worthwhile and productive citizens, it is necessary for the parents to:

- Realize that school is the chief business during the school year for the student and that very few things are allowed to interfere with this important job.
- Feel free to visit the school at any time to discuss your child's educational progress.
- Check your child's progress frequently. Learn the reasons for any unsatisfactory report from your child and the school.
- ***One of the most important ways you can help your child is to help make sure they have a set time each evening to study and complete all of their homework. If their homework is completed effectively, we can almost assure you they will do well with their assessments and grades.***
- The school has an online student information system in which parents are able to check their child's academic progress and meal account. Parents are given a username and password and are then able to view their child's information. The username and password are provided by the school.
- Be interested to the point of knowing whether your child is working up to his/her ability, for this is the important aspect of his/her school career. Encourage your student to set high academic goals, and to participate in at least one extra curricular activity.
- Take time to understand all perspectives before making a judgement. Listening to all sides of a situation ensures fairness, promotes respectful communication, and helps build a supportive school community.
- The Maquoketa Valley School Board affirms its intent to support the school-student responsibility and discipline policies, its intent to support school staff that enforces these policies and its intent to hold the school accountable for implementing the policies.
- Any person having inquiries concerning the Maquoketa Valley Community School District compliance with the regulations implementing Title VI, Title IX, or Section 504 is directed to contact Mr. Troy Osterhaus, P.O. Box 186, Delhi, Iowa 52223 (563) 922-9422.

Equal Educational Opportunity:

Maquoketa Valley CSD does not discriminate in its education programs or activities on the basis of sex, race, color, national origin, disability, religion, creed, marital status (for programs), sexual orientation, and socioeconomic status (for programs). Each student has the opportunity to use Maquoketa Valley's educational programs and activities. Each student is expected to conduct themselves in a manner that assures each student the same educational opportunity.

This handbook is an extension of board policy and is a reflection of the goals and objectives of the board. The board, administration, and employees expect students to conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others. Students are expected to treat teachers, other employees, students, visitors, and guests with respect and courtesy. Students may not use abusive language, profanity or obscene gestures or language.

A violation of a school district policy, rule, or regulation may result in disciplinary action. School district policies and regulations are in effect 12 months a year.

Students are expected to comply with and abide by the school district's policies, rules, and regulations. Students who fail to abide by the school district's policies, rules, and regulations may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion. Parents, guardians, and community members should work with district staff to resolve disagreements or concerns. It is most effective to work as closely with the people who are directly involved so start by contacting the teacher or provider. If your problem is not resolved, contact the principal, then the superintendent, and ultimately the school board if necessary. For more information on this topic, you may visit the Iowa Department of Education website.

Student Attendance

Student Registration & Enrollment:

Students and parents going through the enrollment and registration process with Maquoketa Valley for the first time must complete the enrollment process by contacting Kelsey Thomas at: phone: 563-922-2091 email: kelseythomas@maquoketa-v.k12.ia.us.

School Calendar:

Maquoketa Valley CSD school calendar may be subject to change throughout the year due to weather, emergencies, or other reasons.

Compulsory Attendance:

The district believes that traditional, in-person school attendance leads to the greatest learning opportunities for students. Students who are present in school and engaged active learners take greater ownership over their educational outcomes. For this reason, it is the priority of the district to foster regular student attendance throughout the school year and reduce barriers to regular attendance for students in the district.

Students who know they will be absent should have their parents notify the office prior to the absence. If advance notification is not possible, parents must notify the office of the student's school on the day of the absence by 8:15 a.m. By about 8:30 A.M., if no contact has been made by the parents, the school secretary will try to reach the child's parent or guardian.

A student may not leave the school grounds without permission once he/she arrives at school. To be excused a call or note must be received by our office personnel prior to the student's leaving.

Parents within the school district who have children over age six and under age sixteen by September 15, in proper physical and mental condition to attend school, will have the children attend the school district at the attendance center designated by the board. Students will attend school the number of days or hours school is in session in accordance with the school calendar. Students of compulsory attendance age will attend school a minimum of 1080 hours.

Chronic Absenteeism/Truancy Legal Requirements:

- **Chronic Absenteeism Legal Requirements (Absent 10%):**

Chronic absenteeism/absences means **ANY** absence from school that does not meet an exemption for more than ten percent of the *semester days listed in the current school calendar* established by the district.

- When a student meets the threshold to be considered chronically absent (10%), the school official will send notice by mail or e-mail to the county attorney where the district's central office is located. The school official will also notify the student, or if a minor, the student's parent, guardian or legal or actual custodian via certified mail that includes information related to the student's absences from school and the policies and disciplinary processes associated with additional absences.

- **School Engagement Meeting (Absent 15%):**

If a student is absent from school for at least fifteen percent of the *days* in the grading period, the school official will attempt to find the cause of the absences and start and participate in a school engagement meeting. All of the following individuals must participate in the school engagement meeting:

- The student;
- The student's parent, guardian or legal or actual custodian if the student is an unemancipated minor; and
- A school official.
- Absenteeism Prevention Plan:
 - The absenteeism prevention plan will identify the causes of the student's absences and the future responsibilities of each participant.
 - The school official will contact the student and student's parent/guardian at least once per week for the remainder of the school year to monitor the performance of the student and the student's parent/guardian under the plan.
 - If the student and student's parent/guardian do not attend the meeting, do not enter into a plan or violate the terms of the plan, the school official will notify the county attorney.

The purpose of the meeting is to understand the reasons for the student's absences and attempt to remove barriers to the student's ongoing absences; and to create and sign an absenteeism prevention plan.

- **Truancy Legal Requirements(Absent 20%):** Truant/truancy means a child of compulsory attendance age who is absent from school for **ANY** reason that does not meet an exemption for at least twenty percent of the semester days listed in the current school calendar established by the district.
 - A school official will notify and turn in all student attendance information over to the county attorney.
- **Exemptions - Student will still be counted absent but the absence is exempt from Truancy**
 - Medical Appointments - Must have a doctor's note to be exempt from Truancy
 - Court Ordered - Must have documentation
 - Religious - Must have documentation
 - IEP - Must have documentation
 - 504 - Must have documentation

School Based Academic & Disciplinary Requirements Related to Attendance:

- Students are required to be in attendance, pursuant to board policy, for 1080 hours per school year unless their absences have been excused for. ***Maquoketa Valley classifies unavoidable absences as follows:***
 1. Personal illness (some type of medical excuse or a parent call to validate absence within 48 hours, see above)
 2. Professional appointments that cannot be made other than during school time. (A parent call the day of the appointment, doctor/dental appointments, an appointment card or a note from the doctor or dentist on letterhead is required -- A reasonable amount of time gone for the appointment will be listed as unavoidable)
 3. College visitations for juniors and seniors.(Verification email or letter from school student is visiting to validate absence)
 4. Funerals, death, or serious illness in the immediate family.
 5. Family emergencies
 6. Participation in school scheduled activities (including supporting MV students at state competitions).
 7. Recognized religious observances
 8. Reasonable excuses may also include family trips or vacations

Absences that do not fall within the categories listed above will be considered unexcused unless approved by the principal.

- **Attendance to Participate in Extracurricular Activities:**
Students must be in school from 12:30 pm until the end of the day to participate in any after school activity. Students cannot leave school and come back to participate in an afternoon / after school activity, unless it is for a medical appointment. It is recommended that medical appointments be scheduled in the morning to avoid missing the last half of the school day. If this can not be avoided due to doctor / specialist availability, the student must bring a doctor's note to be able to participate.

- School work missed because of absences must be made up within two times the number of days absent, not to exceed 5 school days. The time allowed for make-up work may be extended at the discretion of the classroom teacher and will follow the district's homework and assessment policy.
- Check in/Out: Students will need to go to the office to check in whenever they arrive late to school or upon returning from an appointment during the day. In addition, whenever a student leaves during the day, he or she will need to check out prior to their departure.

Inclement Weather:

Should school be canceled due to inclement weather prior to the start of the school day, students and parents will be notified via the Maquoketa Valley CSD text alert system and media outlets. These days are typically built into the school calendar, however, there may be instances where missed days will need to be made up.

Should school be dismissed early due to inclement weather, parents will be notified by the Maquoketa Valley CSD text alert system and media outlets. Parents will also be notified of the status of the school's transportation services by the same means.

Unless weather conditions prevent it, students will still be returned to their regular drop-off sites. Should weather conditions be too extreme for regular school transportation, students will be kept at school, or potentially returned to school until parents are available for pick-up.

Should there be extracurricular activities or practices scheduled during school or after school on the day of inclement weather, the administration will determine on a case-by-case basis whether to hold the extracurricular activity. This is true should school be canceled or experience an early out.

School Day:

At Earlville Center: Supervision begins at 7:30 a.m. All students may enter the building with the arrival of the bus students. The school day begins at 8:15 AM. Students are considered tardy if they arrive between 8:15-8:30. At the end of the day, shuttle bus students are dismissed at 3:00, students not riding the bus are dismissed at 3:25, and bus students are dismissed at 3:30 PM.

At Hopkinton Center: Supervision begins at 7:30 a.m. All students may enter the building with the arrival of the bus students. The school day begins at 8:15 AM. Students are considered tardy if they arrive between 8:15-8:30. At the end of the day, shuttle bus students going to Delhi are dismissed at 3:00, shuttle bus students going to Earlville are dismissed at 3:20, students not riding the bus are dismissed at 3:25, and bus students at 3:30 PM.

At Delhi Center: Supervision begins at 7:30 a.m. The school day begins at 8:05 AM. At the end of the day, bus students are dismissed at 3:15, the buses leave at 3:25, and students not riding the bus are dismissed after the buses leave. Students are considered tardy if they arrive between 8:05-8:15.

Parents are asked to contact the school no later than 2:00 if there is a change in their child's transportation plans at the conclusion of the school day. When school is dismissed, all students are expected to leave the school grounds whether by bus, car, bike, or on foot.

If we should have a late start due to weather, we do not serve breakfast or have a morning recess.

Student Rights & Responsibilities

Student Appearance:

The students of Maquoketa Valley shall be dressed and groomed in a fashion that is complementary to the school and to themselves. Cleanliness and neatness in both hair and clothes is essential. The dress of a student is offensive to a fellow student or a faculty member when it is disruptive to some degree to the educational progress. To serve as a guideline to students, the following are considered inappropriate: undergarments that are visible; caps or hats; backless apparel; revealing halter tops; strapless tops; one-sleeved tops; see-through clothing, bare midriff shirts; clothing with insignia or wording that is not in good taste, including Hooters shirts and advertising for taverns or lounges, tobacco, beer or liquor advertising, material or messages of a sexual nature; shorts, skirts, or dresses that are too short and any item of clothing that draws special attention to the student. Any suggestive wording or abbreviations that imply inappropriate language or material will not be allowed to be worn. State law requires all students to wear shirts and shoes for health reasons. The Maquoketa Valley Board of Education recognizes that the administration will be the final judge of what is appropriate dress.

Student Care of School Property/Vandalism:

Students are expected to take care of school property including desks, chairs, books, lockers, bus seats and school equipment. Vandalism is not tolerated. Students found to have destroyed or otherwise harmed school property may be required to reimburse the school district. In some circumstances, students may be reported to law enforcement officials.

Accidental damages may, but are not required to, be treated differently. Whether an incident is considered accidental will be determined on a case-by-case basis by administration, depending on the circumstances of the situation, the student's actions leading up to the situation and the student's response after the situation occurred.

Student Complaints / Grievances:

Grievances may involve almost any issue relating to sex, race, religion, color, national origin, marital status or disability in the treatment of students or employees in education programs or activities. They may relate to the actions of a particular individual, to the practices or policies of a particular school or unit within an education agency or institution, or the practices or policies of the agency or institution as a whole. Grievances may assert discrimination against a single individual or against a group or class of individuals. Students may file a written complaint regarding school district policies, rules and regulations or other matters by complying with the following procedure. This procedure is strictly followed except in extreme cases. 1) If unsatisfied with the employee's response or if there is no employee involved, file a written complaint with the principal within one school day of the employee's response or the incident; 2) If unsatisfied with the principal's response, file a written complaint with the superintendent within two days of the principal's response; 3) If unsatisfied with the superintendent's response, students may request in writing to speak to the board within three days of the superintendent's response. The board determines whether it will address the complaint.

Student Search & Seizure:

I. Searches, in General

1. The Board of Directors holds all school property in public trust. School authorities may, without a search warrant search a student, student lockers, desks, students' belongings, work areas or student automobiles based on a reasonable suspicion under the circumstances and in a manner reasonable in scope to maintain order and discipline in the schools, promote the educational environment and protect the safety and welfare of students, school personnel. School authorities may also seize any illegal, unauthorized or contraband materials discovered in a search. Items of contraband may include but are not limited to non-prescriptions controlled substances, such as marijuana, amphetamines, barbiturates, apparatus used for the administration of controlled substances, alcoholic beverages, tobacco, weapons, explosives, poisons, and stolen property. Possession of such items will be grounds for disciplinary action may be grounds for reporting to local law enforcement authorities.
2. In an ongoing effort to keep and provide a safe environment for all students, the Maquoketa Valley School District will partner with local law enforcement to participate in a routine unannounced search of school premises by the drug and bomb K-9 (dog) units. Sessions will be scheduled through the Superintendent and/or Secondary Principal's office.

II. Reasonable and Articulable Suspicion:

1. A search of a student or a student's Remotely Activated or Activating Communication Device will be justified when there are reasonable grounds for the suspicion that the search will turn up evidence that the student has violated or is violating the law or school district policy, rules or regulations affecting school order. Reasonable suspicion may be formed by considering factors such as the following:
 - a. eyewitness observation by employees;
 - b. information received from reliable sources;
 - c. suspicious behavior by the student; or,
 - d. the student's past history and school record, although this factor alone is not sufficient to provide the basis for reasonable suspicion.

III. Reasonable Scope:

1. A search will be permissible in its scope or intrusiveness when the measures adopted are reasonably related to the objectives of the search. Reasonableness of scope or intrusiveness may be determined based on factors such as the following: the age of the student; the sex of the student; the nature of the infraction; and exigency requiring the search without delay.

IV. Types of Searches

A. Personal Searches

1. A student's person and/or reasonable suspicion to believe the student is in possession of illegal or contraband items or has violated school district policies, rules, regulations or the law affecting school order.
2. Personally intrusive searches will require more compelling circumstances to be considered reasonable. c. Pat-down searches: If a pat-down search or a search of a student's garments (such as jackets, socks, pockets, etc.) is conducted, it will be conducted in private by a school official of the same sex as the student, with another adult witness of the same sex present, when feasible.
3. A more intrusive search, short of a strip search, of the student's person, handbags, book bags, etc, is permissible in emergency situations when the health and safety of students, employees, or visitors are threatened. Such a search may only be conducted in private by a school official of the same sex as the student, with an adult of the same sex present unless the health or safety of students will be endangered by the delay which may be caused by following these procedures. al effects (e.g., purse, backpack, etc.) may be searched when a school official has reason

B. Locker and Desk inspections

1. Although school lockers and desks are temporarily assigned to individual students, they remain the property of the school district at all times. The school district has a reasonable and valid interest in ensuring the lockers and desks are properly maintained. For this reason, lockers and desks are subject to unannounced inspections. Students should have no legitimate expectations of privacy in their locker or desk. Periodic inspections of all or random selection of lockers or desks may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches shall be confiscated by school officials and may be turned over to law enforcement.
2. The contents of a student's locker or desk (coat, backpack, purse, etc.) may be searched when a school official has reasonable and articulable suspicion that the contents contains illegal or contraband items or evidence of a violation of law or school policy rule. Such searches should be conducted in the presence of another adult witness when feasible.
3. Students having any problems with their locker should notify the office.
4. Students will be assigned a locker each year. Please do not tell anyone the combination to your locker. Also - students are in no circumstances allowed to change lockers or locker partners without permission of the principal.

In an ongoing effort to keep and to provide a safe environment for all students, the Maquoketa Valley Community Schools has partnered with local law enforcement and may participate in routine unannounced training sessions/building walkthroughs for the drug and bomb K-9 units. Sessions will be scheduled through the superintendent's and/or principal's offices.

Student Lockers:

Student lockers are the property of the school district. Students shall use the lockers assigned to them for storing their school materials and personal items necessary for attendance at school. It shall be the responsibility of each student to keep the assigned locker clean and undamaged. The expenses to repair damage done to a student's locker are charged to the student.

A student's locker can be searched whenever an administrator or teacher has a reasonable and articulable suspicion that a criminal offense or a school district policy, rule or regulation bearing on school order has been violated and the administrator or teacher has a reasonable and articulable belief that the search will produce evidence of the violation. Items in violation of school district policies, rules or regulations found in student lockers are confiscated. Illegal items may be given to law enforcement officials. Locker maintenance inspections may be conducted periodically. These inspections are generally for the purpose of ensuring that lockers are clean and well kept. Prior to a maintenance inspection, students are given 24 hours' notice. Students must not leave money or anything valuable in the locker. Students having any problem with their locker should notify the Office. Students will be assigned a locker each year.

Anti-Bullying and Anti-Harassment

The Maquoketa Valley CSD is committed to providing all students, employees, and volunteers with a safe and civil school environment in which all members of the school community are treated with dignity and respect. Bullying and/or harassing behavior can seriously disrupt the ability of school employees to maintain a safe and civil environment, and the ability of students to learn and succeed.

Bullying and/or harassment of or by students, employees, and volunteers is against federal, state, and local policy and is not tolerated by the board.

Accordingly, school employees, volunteers, and students shall not engage in bullying or harassing behavior while on school property, while on school-owned or school-operated vehicles, while attending or participating in school-sponsored or sanctioned activities, and while away from school grounds if the conduct materially interferes with the orderly operation of the educational environment or is likely to do so.

Complaints may be filed with the superintendent or superintendent's designee pursuant to the regulation accompanying this policy. The superintendent is responsible for implementation of this policy and all accompanying procedures. Complaints will be investigated within a reasonable time frame. Within 24 hours of receiving a report that a student may have been the victim of conduct that constitutes bullying and/or harassment, the district will notify the parent or guardian of the student.

If as a result of viewing surveillance system data or based on a report from a school district employee, the district determines that a student has suffered bullying or harassment by another student enrolled in the district; a parent or guardian of the student may enroll the student in another attendance center within the district that offers classes at the student's grade level, subject to the requirements and limitations established in Iowa law related to this topic.

A school employee, volunteer, or student, or a student's parent or guardian who promptly, reasonably, and in good faith reports an incident of bullying or harassment, in compliance with the procedures in the regulation, to the appropriate school official designated by the school district, shall be immune from civil or criminal liability relating to such report and to participation in any administrative or judicial proceeding resulting from or relating to the report.

Individuals who knowingly file false bullying or harassment complaints and any person who gives false statements in an investigation may be subject to discipline by appropriate measures.

Retaliation Prohibited

An alternate investigator will be designated in the event it is claimed that the superintendent or superintendent’s designee committed the alleged bullying or harassment or some other conflict of interest exists. Complaints shall be filed within 180 days of the event giving rise to the complaint or from the date the Complainant could reasonably become aware of such occurrence. The Complainant will state the nature of the complaint and the remedy requested. The Complainant shall receive assistance as needed.

The school district will promptly and reasonably investigate allegations of bullying or harassment upon receipt of a written complaint. The superintendent (hereinafter “Investigator”) will be responsible for handling all complaints alleging bullying or harassment.

The investigation may include, but is not limited to the following:

- Interviews with the Complainant and the individual named in the complaint (“Respondent”)

Individuals who knowingly file false bullying and/or harassment complaints and any person who gives false statements in an investigation may be subject to discipline by appropriate measures, as shall any person who is found to have retaliated against another in violation of this policy. Any student found to have retaliated in violation of this policy shall be subject to measures up to, and including, suspension and expulsion. Any school employee found to have retaliated in violation of this policy shall be subject to measures up to, and including, termination of employment. Any school volunteer found to have retaliated in violation of this policy shall be subject to measures up to, and including, exclusion from school grounds.

Physical / Sexual Abuse & Harassment of Students by Employees:

The school district does not tolerate employees' physically or sexually abusing or harassing students. Students who are physically or sexually abused by an employee should notify their parents, teacher, principal or another employee. Sexual abuse means sexual acts involving a student, acts that encourage the student to engage in prostitution, as well as, inappropriate intentional sexual behavior or sexual harassment by the employee toward a student. Sexual harassment are unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature.

1. Submission to the conduct is made implicitly or explicitly a term or condition of the student's education or benefits;
2. Submission to or rejection of the conduct by a school employee is used as the basis for academic decisions affecting that student; or
3. The conduct has the purpose or effect of substantially interfering with the student's academic performance by creating an intimidating, hostile, or offensive educational environment.

Physical abuse is a non-accidental physical injury that leaves a mark at least 24 hours after the incident. The Iowa Department of Education has established a two-step procedure for investigating allegations of physical abuse of students by employees. That procedure requires the school district to designate an independent investigator to look into the allegations. The school district has designated Mrs. Brenda Becker (926-2701 or 923-3225) as the Level I investigator. Mrs. Tiersa Frasher (922-9411) and Mr. Troy Osterhaus (922-2091) as the alternate Level I investigators. Those investigators may be contacted directly.

While employees cannot use physical force to discipline a student, there are times when the use of physical force is appropriate. The times when physical force is appropriate include, but are not limited to, times when it is necessary to stop a disturbance, to obtain a weapon or other dangerous object, for purposes of self-defense or to protect the safety of others, to remove a disruptive student, to protect others from harm, for the protection of property or to protect a student from self-infliction of harm.

Student Substance Abuse:

Students are prohibited from distribution, dispensing, manufacture, possession, use or being under the influence of alcohol, tobacco/nicotine products, other controlled substances, or look-a-like substances while on school district premises or property within the jurisdiction of the school district, while on school-owned and/or operated school or charter vehicles, while attending or engaged in school activities, and while away from school grounds if the misconduct will directly affect the good order, efficient management and welfare of the school.

Students found to be in violation of this rule will be subject to appropriate disciplinary measures and may be required to satisfactorily complete a substance abuse or rehabilitation program. Disciplinary measures may include discipline up to or including suspension and expulsion. For students under the age of 21, local law enforcement authorities may be notified.

Internet:

Students will be able to access the internet through their teachers. Individual student accounts and electronic mail addresses may be issued to students. Students may be permitted to use district-issued email addresses and internet-based collaboration software to send and receive messages at school. Students will receive age-appropriate training prior to using the internet.

The internet can provide rich opportunities through a vast collection of educational resources. Students will be under teacher supervision while on the network and the district uses technology protection measures to block and

filter inappropriate/unauthorized use as much as possible and to the extent permitted by law or vendor policies. Additionally, student's internet activities may be monitored by the school district to ensure students are not accessing inappropriate sites that contain restricted material. However, it is not possible to constantly monitor individual students and filter everything they are accessing. Because the internet is a global network and information appears, disappears, and changes constantly, it is not possible to predict or control what students may locate. Some students may encounter information that may not have educational value.

Students will not intentionally access or download any text file or visual depictions or engage in any discussion that includes restricted material. Restricted material includes but is not limited to obscene, libelous, indecent, vulgar, profane or lewd; advertises any product or service not permitted to minors by law; constitutes insulting or fighting words, the very expression of which injures or harasses others; or presents a clear and present likelihood that, either because of its content or the manner of distribution, it will cause a material and substantial disruption of the proper and orderly operation and discipline of the school or school activities, will cause the commission of unlawful acts or the violation of lawful school regulations.

Should a student be found to have accessed restricted materials, students may experience the following disciplinary measures and/or, depending on the severity violation may experience disciplinary measures up to suspension and expulsion:

1. Loss of School Owned Computer for a length of time determined by Administration
2. Detention
3. Consistent monitoring of internet and computer usage

Wildcat Way

Philosophy of Discipline:

Good discipline includes a responsibility for one's actions in accordance with socially accepted behavior as well as respect and proper response to rules, laws and order. Although discipline training begins in the home and continues in school, it must be remembered that other factors of environment and associations have significant influence upon the behavior of students. Therefore, it is imperative that both school and home cooperate to govern or guide young people to combat undesirable effects of other factors.

As individual homes set their own patterns of rules and conduct, the school also outlines its policy on discipline and attempts to regulate it through a joint responsibility of the Board, staff and pupils. The purpose is to ensure an orderly and efficient operation of school in order to provide a scholarly discipline attitude to achieve educational benefits for all students. The school will exercise the greatest effort on disciplinary control of students on school property, however, it will also govern behavior at school activities away from the school grounds. It is imperative that the school and parents work together in order to give children the best possible education. Please feel free to call or stop by the school office whenever you have a concern or a question.

Sportsmanship:

A good patron of Maquoketa Valley wants the team to win fairly and cleanly. He or she respects the decision of the referee, even if he or she believes it to be wrong. All officials are honest; some make mistakes, but so does everyone. When you come to Maquoketa Valley activities, enter into them wholeheartedly and cheer for our team in defeat as well as victory. Treat the opposing team and its spectators with respect. Be a modest winner and a good loser.

Student Conduct:

The board believes inappropriate student conduct causes material and substantial disruption to the school environment, interferes with the rights of others, or presents a threat to the health and safety of students, employees, and visitors on school premises.

Students shall conduct themselves in a manner fitting to their age level and maturity and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered buses; while attending or engaged in home or away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district.

Students who fail to abide by this policy and the administrative regulations supporting it may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or participation; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation, and expulsion.

Weapons & Weapon Look-a-Likes:

The Maquoketa Valley School Board believes weapons and other dangerous objects in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district.

School district facilities are not an appropriate place for weapons or dangerous objects. Weapons and other dangerous objects shall be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.

Parents of students found to possess a weapon or dangerous object on school property shall be notified of the incident. Confiscation of weapons or dangerous objects shall be reported to the law enforcement officials, and the student will be subject to disciplinary action including suspension or expulsion.

Students bringing a firearm to school or having a firearm at school, shall be expelled for not less than twelve months. The superintendent shall have the authority to recommend this expulsion requirement be modified for a student on a case-by-case basis when extremely unusual circumstances exist. For purposes of this portion of this policy, the term "firearm" includes any weapon which is designed to expel a projectile by the action of an explosive, the frame or receiver of any weapon, or explosive, incendiary or poison gas.

Weapons under the control of law enforcement officials shall be exempt from this policy. The principal may allow authorized persons to display weapons or other dangerous objects for educational purposes. Such a display shall also be exempt from this policy.

Threats of Violence:

Discipline Policy

Discipline is designed to promote behavior that will enable students to learn and successfully participate in their educational and social environments. The district discipline policy for students who make a threat of violence or

commit an act of violence is developed to help students understand their obligations to others in the school setting, secure the safety of all students, staff and the community, and to correct student behavior if a violation occurs (2023 Iowa Acts, chapter 96 (House File 604), sec. 7, new section 279.79, subsection 1).

Students will conduct themselves in a manner fitting their age, grade level, and maturity, and with respect and consideration for the rights of others while on school district property or on property within the jurisdiction of the school district; while on school owned and/or operated school or chartered vehicles; while attending or engaged in school activities; and while away from school grounds if misconduct will directly affect the good order, efficient management and welfare of the school district. Consequences for the misconduct will be fair and tailored to the age, grade level and maturity of the student.

Discipline and other responses to threats or incidents of violence by a student with a disability, including removal from a class, placement in a therapeutic classroom, suspensions, and expulsions, will comply with the provisions of applicable federal and state laws including, but not limited to, the IDEA, Section 504 of the Rehabilitation Act, and the Americans with Disabilities Act (2023 Iowa Acts, chapter 96 (House File 604), sec. 7, new section 279.79, subsection 3).

District Response to a Threat or Incident of Violence by a Student

Reporting a Threat of Violence or Incidence of Violence

In the case of any threat of violence or incident of violence that results in injury, property damage or assault by a student, the teacher will report to the school principal or lead administrator within 24 hours of the incident. The principal or lead administrator will notify the parent or guardian of the student(s) who threatened or perpetrated an act of violence and the student(s) who the threatened or perpetrated act of violence was made against within 24 hours after receipt of the teacher's report and complete an investigation of the incident as soon as possible. The classroom teacher may also notify the parent or guardian of the student who made the threat or caused the incident, and the parent or guardian of the student against whom the threat or incident was directed (2023 Iowa Acts, chapter 96 (House File 604), sec. 4).

An investigation will be initiated by the principal or lead administrator upon learning of an incident of violence or threat of violence through any credible means. If the principal or lead administrator finds that an incident of violence or threat of violence did occur, the administrator will determine the level of threat or incident by considering all aspects of the situation, including the student's intent and knowledge of the impact of their actions, their developmental level and context of the incident. The resolution will focus on identifying the cause behind the behavior and appropriate corrective action (2023 Iowa Acts, chapter 96 (House File 604), sec. 7, new section 279.79, subsections 1 and 4).

A student who makes a threat of violence, causes an incident of violence that results in injury or property damage, or who commits an assault, will be subject to escalating levels of discipline for each occurrence. When appropriate, referrals will be made to local law enforcement. The district retains the authority to assign the level of disciplinary measures appropriate to the severity of the threat of violence or incident of violence (2023 Iowa Acts, chapter 96 (House File 604), sec. 7, new section 279.79, subsection 5).

Threat of violence means a written, verbal, electronic or behavioral message that either explicitly or implicitly expresses an intention to inflict emotional or physical injury, property damage, or assault.

Incident of Violence

Incident of violence means the intentional use of physical force or power against oneself, another person, a group or community or property resulting in injury, property damage or assault.

Injury

Injury means "physical pain, illness or any impairment of physical condition." State v. McKee, 312 N.W.2d 907, 913 (Iowa 1981).

Property Damage

Property damage means any destruction, damage, impairment or alteration of property to which the individual does not have a right to take such an action. Property means real property, which includes any real estate, building, or fixture attached to a building or structure, and personal property, which includes intangible property (Iowa Code section 4.1(21)).

Assault

Assault means when, without justification, a student does any of the following:

an act which is intended to cause pain or injury to, or which is intended to result in physical contact which will be insulting or offensive to another, coupled with the apparent ability to execute the act; or any act which is intended to place another in fear of immediate physical contact which will be painful, injurious, insulting or offensive, coupled with the apparent ability to execute the act; or intentionally points any firearm toward another or displays in a threatening manner any dangerous weapon toward another.

The act is not an assault when the person doing any of the above and the other person are voluntary participants in a sport, social or other activity, not in itself criminal, when the act is a reasonably foreseeable incident of such sport or activity, and does not create an unreasonable risk of serious injury or breach of the peace (Following Iowa Code section 708.1)

Definitions (consistent with the Department's Data Dictionary 2022-23)

Detention means the student's presence is required during non-school hours for disciplinary purposes. The student can be required to appear prior to the beginning of the school day, after school has been dismissed for the day or on a non-school day. Whether a student will serve detention, and the length of the detention, is within the discretion of the licensed employee or the building principal disciplining the student.

Expulsion means an action by the board to remove a student from the school environment, which includes, but is not limited to, classes and activities, for a period of time set by the board.

In-school suspension means the student will attend school but will be temporarily isolated from one or more classes while under supervision. An in-school suspension will not exceed ten consecutive school days.

Out-of-school suspension means the student is removed from the school environment, which includes school classes and activities. An out-of-school suspension will not exceed ten consecutive school days unless due process is provided as required by federal and state law. A restriction from school activities means a student will attend school and classes and practice but will not participate in school activities.

Placement in an alternate learning environment means placement of a student in an environment established apart from the regular educational program that includes rules, staff and resources designed to accommodate student needs and to provide a comprehensive education consistent with the student learning goals and content standards established by the school district.

Removal from the classroom means a student is sent to the building principal's office. It is within the discretion of the person in charge of the classroom to remove the student.

Illegal Items Found in School or in Student's Possession:

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of alcohol, drugs or look alike substances; and possessing or using tobacco, tobacco products or look alike substances. Weapons are not allowed on school grounds or at school activities with the exception of weapons in the control of law enforcement officials or those being used for educational purposes and approved by the principal. Parents of students found in violation of this policy may be contacted, and the students may be reported to law enforcement officials.

Maquoketa Valley Behavior Expectations & Consequences

If a behavior is unwanted, repeated, aggressive, includes an imbalance of power, places the student in reasonable fear of harm, has a substantially detrimental effect on their physical/mental health, substantially interferes with student's academic performance or their ability to participate in school activities, bullying and harassment investigation procedures will be followed and appropriate remedial and/or disciplinary actions taken.

*** Administration has the right to modify the level of consequence due to student action/behavior. Individual plans for students may be considered for severe or repeated incidences. ***

Student Health & Wellbeing

Administration of Medication Policy:

Per IA state law, prescription medications may be administered at Maquoketa Valley CSD with written authorization from the parent/guardian and with a prescriber's written order for prescription medications and/or a current pharmacy labeled container as dispensed by the pharmacist. All medication should be taken before or after school whenever possible. However, it is understood that certain drugs may be required during the school day. Iowa State Law and Maquoketa Valley CSD allow medications to be administered at school only when the following guidelines are met.

1. No medication will be administered to a student in school or during school sponsored activities without a parent/guardian written authorization and a prescriber's written order for prescription medications or a current pharmacy labeled container as dispensed by the pharmacy. The name of the student, medication, time to be given, and the name of the physician must be on the container. Medications must be in the

most **current** pharmacy labeled container. A second labeled medication container can be obtained for school use by asking the pharmacist. All medication must be brought in by a parent/guardian whenever possible, or the parent must notify the school that the medication is coming. Medication will not be sent home with students unless arrangements have been made with the parent prior to sending them home. Any medication that has not been picked up by the last day of school will be disposed of properly.

2. Herbal remedies, natural supplements, or essential oils not approved by the Federal Drug Administration will **NOT** be administered by school personnel.
3. Over the counter/non prescription medication will be given only with parent/guardian written authorization. Maquoketa Valley CSD will have school approved over-the- counter medications available to students in grades 6-12, distributed by either the school nurse or medication certified staff. Health information must be provided as well as parent/guardian permission for these over the counter medications before **ANY** medication(s) will be administered. Students may receive up to 5 doses of school approved medications per year, after which the school nurse will assess the student and contact the parents/guardians to determine if a medical referral is needed and before any more doses will be given. Parents/guardians of students requiring or requesting greater than the 5 doses allowed per year may be asked to provide written permission from a licensed healthcare provider for future administration of these medications as well as will be asked to provide the medication being requested. These medications must be brought in by a parent/guardian and be sent to school in the original medication container with the student's name attached. Parent instructions cannot conflict with label administration instructions.
4. The parent/guardian is responsible for submitting a new prescriber's order form to the school each time there is a change in the dosage or time of administration, change to a different medication or the medication is discontinued. Prescriber's orders may be faxed to the school.
5. The parent/guardian will inform the nurse/medication certified staff of the number of tablets/capsules that are brought to the school. The nurse and a medication certified staff will also count and document the number of tablets/capsules brought to the school.
6. Students who independently carry inhalers or emergency medication, (ex. Epi-pens) throughout the school day need a written prescriber's order on file in the health office as well as an authorization form/consent form. The order must state the reason for the medication, dosage, times for administration to be given, and/or special circumstances under which the medication is to be given; the student must carry the medication at all times. All inhalers must have a current prescription label on the inhaler as well as on the box it comes in. You will need to ask the pharmacy for this.
7. To ensure the safety of all children all medication will be kept in a locked storage cabinet with the exception of Epi-pens, glucagon, and inhalers that are carried independently.
8. The first dosage of any new prescription **must be** given at home so the child can be more closely observed for possible side effects and/or adverse reactions.
9. No medication is to be kept by the student in their locker, desk, or on them personally. The Maquoketa Valley CSD does not assume responsibility for medication not prescribed by a physician/prescriber or medication that is administered by the student himself/herself.
10. Medication required for field trips will be administered by a medication certified staff member or with parental permission.
11. No medication will be continued beyond the school year in which it is ordered.

Essential Oils & Natural Supplements:

The student health office recognizes essential oils and natural supplements as a medication and will follow the same guidelines for administration of a prescription or an over the counter medication. Please speak directly to the school nurse at your student's school to determine the appropriateness, safety, possible side effects or toxic effects of the essential oil or supplement. Parents will provide a physician's order to administer essential oils or natural supplements; however, the school nurse is still required to administer professional judgment pertaining to essential oils and natural supplements in accordance with Nurse Practice Act.

Immunizations:

Prior to starting school or transferring into the school district, students must submit a certificate of immunization as required by law. Students without a proper certificate are not allowed to attend school until they have received the required immunizations or may be admitted on the condition that the student is in the process of completing the immunization process. Should a student fail to meet the immunization requirements, this is grounds for suspension, expulsion, or denial of admission.

Exemptions are recognized only for specific medical or religious purposes as recognized by the law. The student must provide a valid Iowa State Department of Health Certificate of Immunization Exemption.

Physical Examinations:

Parents are encouraged to have their children receive periodic physical examinations.

Students participating in athletic activities are required to provide the school with a physical examination form signed by the student's approved health care provider: doctor, physician's assistant stating that the student is physically fit to perform in athletics prior to the start of the sport. Failure to provide proof of a physical examination causes the student to be ineligible to participate in the athletic activity. Students that cannot afford a physical examination should contact the activities director.

Student Illness or Injury at School:

A student that becomes ill or is injured at school must notify their teacher or another employee as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify the parents according to the information on the student's emergency contact form. If the student is too ill to remain in school, the student will be released to the student's parents or, with the parents' permission, to another person directed by the parents.

While the school is not responsible for treating medical emergencies of an ill or injured student, employees may administer emergency or minor first aid if possible. The school will contact emergency medical personnel, if necessary, and attempt to notify the parents where the student may have been transported for treatment.

If your child is sent home due to a fever or diarrhea, we expect that they will stay home a minimum of 24 hours, fever-free (or incident free) without medication. If you question whether to send your child or not, please contact the nurse. If a student is absent due to illness, he/she may not participate in any evening activities on that day. If a child misses 3 or more consecutive days of school, parents will provide a written medical or doctor's excuse to the school.

Concussion Policy and Protocol:

The Maquoketa Valley Community Schools will follow guidelines outlined by the Iowa High School Athletic Association Concussion Management Protocol, Iowa Code Section 280.12C regarding brain injury policies.

If a Maquoketa Valley Community School staff member, coach or contest official observes any signs, symptoms or

any behaviors consistent with a concussion or brain injury in a school activity (recess, in the classroom, during a competition or practice), the student shall be immediately removed from participation. If injury occurs during the school day, the student should be sent to the nurse's office, where the school nurse or other designee will assess the student for symptoms of a brain injury, and notify parents/ guardians. If it happens during a practice or game, the coach is responsible for notifying parents immediately, and notifying the athletic director and school nurse in a timely manner. A student who has been removed from participation shall not return to such participation until the student has been evaluated by a licensed health care provider trained in the evaluation and management of concussions and other brain injuries. A student must then receive a written clearance to return to participation from the same health care provider who evaluated and/or diagnosed the concussion and other brain injury.

A school activity includes any physical education or weightlifting course, recess, extracurricular interscholastic activity contest or practice, including sports or dance.

A licensed health care provider includes: a physician, physician's assistant, advanced registered nurse practitioner, chiropractor, physical therapist, registered nurse or licensed athletic trainer.

Preseason baseline neurocognitive testing, (see Appendix A for pre/post form), will be done for all 7-12 athletes and may be repeated at the discretion of the athletic director, coaches, school nurse and administrative staff. This can and will be used during the school year to help identify the effects of an injury and the student/ player's readiness to return to school and/or activities.

The Student Support Team (Support and Intervention Team(s)) will identify needs and plan for ways to promote the success of a student with brain injury and/or concussion as they are progressing through return to learn and return to play. A student support team will consist of our current appropriate Support and Intervention Team(s) and any other individuals needed to support the individual need of the student. These team members will work closely with the student and parents/ guardians to manage the student's needs at school and during extracurricular activities.

Brain Injury Protocol During School Hours:

1. A student will be sent to the school nurse for assessment after any significant bump, blow or jolt to the head which occurs during the school day.
2. The school nurse or designee will observe the student for signs and symptoms of a concussion or other brain injury.
3. Classroom teacher will be notified and will consult with the school nurse if any signs or symptoms of concern are identified during class.
4. Student's parent(s) or legal guardian will be notified of the injury and observations by the school nurse, or other designee during the school day, or by a coach if it occurs before or after school during an extracurricular.
5. If signs or symptoms of concussion are not present, student may remain in school but should not participate in any sports or recreational activities on the day of the injury. Observe student for 24-48 hours and if signs or symptoms develop then parents will be notified and student will need to be evaluated by an outside healthcare provider. We ask that this provider fill out the

Concussion School Care Plan, Appendix D.

6. Student will return to school nurse immediately if symptoms of concussion occur at any time after the injury.

Brain Injury Protocol Outside of School Hours:

1. The student will be removed from activity immediately.
2. Assess and monitor for signs and symptoms of concussion.
3. Coach or sponsor must notify a parent/ guardian of the head injury right away, before the student leaves practice or event.
4. Regardless of whether or not a concussion has been diagnosed, a student athlete should never return to sports or activities on the same day a head injury occurred.
5. Coach or sponsor will notify the school nurse and athletic director if any student experiences a head injury during a practice or competition.

Diagnosed Concussion: Return to Learn:

Returning to school should be determined, by the student support team, parents and healthcare provider, based on each individual student's symptoms. A plan will be devised and may include accommodations such as: no school, shortened school days, allotted rest periods, decreased assignments, or no screen time throughout the healing process. It is helpful to have the Concussion School Care Plan Form, Appendix D. If symptoms reoccur after returning to school, brain activity should be decreased (rest time, school day lessened, etc.) Students should be performing at their academic baseline (symptom-free) before returning to athletics.

If concussion symptoms reappear at any time during return to learn and/or play, the student should cease activity and be re-evaluated by the school nurse, licensed athletic trainer and/or other healthcare professional.

Diagnosed Concussion: Return to Play:

1. A student athlete should never return to play (competition or practice) on the same day of a diagnosed or suspected concussion.
2. A licensed healthcare provider (defined above) should evaluate the student on the same day the injury occurs, whenever possible. (See # 5 under Brain Injury Protocol at school.)
3. A post injury test, (see Appendix A) should be completed by the student athlete and healthcare provider (see Appendix B).
4. A student may return to activity once they: are asymptomatic for concussion at rest, asymptomatic for concussion with exertion (physical and mental), and must have written clearance from a licensed healthcare provider. Clearance by a licensed medical professional is required by Iowa Code.
5. Once all criteria above are met, the student should progress back to full activity following the step by step process outlined below, also (see Appendix C) unless otherwise defined by provider:

Step 1: Complete physical and cognitive rest

- No exertional activity until asymptomatic
- Stay home from school or limit school hours as needed

Step 2: Return to school full time

Step 3: Low impact, light aerobic exercise

- this step should not begin until the student is no longer having any concussion related symptoms and has been cleared by the treating licensed healthcare provider.
- Student may begin brisk walking, light jogging, swimming or riding an exercise bike at less than 70% maximum performance heart rate
- No weight or resistance training permitted at this time.

Step 4: Basic exercise, such as running in gym or on field

- No helmet/ equipment

Step 5: Non-contact, sport-specific training drills;

- Includes dribbling, ball handling, batting, fielding, running drills, etc.
- Weight training can begin

Step 6: Following medical clearance, full contact practice or training permitted

Step 7: Normal activity or competition in a contest is permitted

Prior to returning to full practice, a post injury test, (see appendix A) must be completed by the student athlete and must have comparable results to their baseline exam. This will be at the discretion of either the school nurse, the athletic trainer, or the same health care provider who diagnosed the concussion.

Health Screenings:

Throughout the year, Maquoketa Valley CSD sponsors health screenings. Parents are notified prior to the screening and may opt out through a written, signed note.

Emergency Drills:

Periodically the school holds emergency drills for fire, tornado, and other threats or disasters. At the beginning of each semester, teachers notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms. Students are expected to remain quiet and orderly during a drill or an emergency. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, may be reported to law enforcement officials.

Plan in Time of Crisis:

Maquoketa Valley has a plan in place for use in case of fire, tornado, hazardous material, and a threat of violence. Some of these plans were developed in conjunction with the local and county law enforcement agencies, emergency management and local fire and EMT personnel. Each of these plans is explained to staff and students. Practice drills will be held to allow staff and students to know what steps to take if a real emergency should develop.

The first priority of school personnel will be the safety of all children and staff in the building.

A plan for parents is also an important component to these crisis situations when their children may be involved. If students have been evacuated from school grounds, parents will be directed through KMCH radio station (94.7 FM) and possibly the text alert system as to when and where to pick up their children.

Parents will be asked to NOT call school during an emergency because this will tie up the phone lines that will be needed to communicate with law enforcement. As difficult and stressful as the situation might be, it is imperative to cooperate with law enforcement as they work to secure the building and move children and staff to a safe place.

Our hope is that we never will have the need to implement any one of these plans for a real emergency but being prepared is critical to everyone's safety. Please help us carry these plans out by noting your role in these crisis situations.

Physical Restraint & Seclusion of Students:

Corporal punishment, mechanical restraint and/or prone restraint is prohibited in all schools by Iowa law.

Employees are prohibited from administering corporal punishment, mechanical restraint and/or prone restraint.

That said, trained district employees and others may have to use behavior management interventions, physical restraint and/or seclusion of students. The school uses the least restrictive behavioral interventions appropriate for the situation.

Physical restraint or seclusion may be used for the following reasons:

- To prevent or terminate an imminent threat of bodily injury to the student or others; or
- To prevent serious damage to property of significant monetary value or significant non monetary value or importance; or
- When the student's actions seriously disrupt the learning environment or when physical restraint or seclusion is necessary to ensure the safety of the student or others; and
- When less restrictive alternatives to seclusion or physical restraint would not be effective, would not be feasible under the circumstances, or have failed in preventing or terminating the imminent threat or behavior; and
- When the physical restraint or seclusion complies with all applicable laws.

All physical restraints and seclusions will be conducted and documented in accordance with the adopted policy and state law.

Food Allergy Information:

Maquoketa Valley Community Schools is committed to providing a safe school environment for all students. The district recognizes that food allergies, in some instances, may be severe and even occasionally life threatening. It is the intent of the School District to try and reduce the likelihood of severe allergic reactions of students with known food allergies while at school, and to increase the likelihood that appropriate medical treatment is available in case of an allergic reaction. It is the District's intent to work with students and parents to help students learn how to manage their food allergies while providing an environment where the risk is reduced and emergency support is available. The school cannot achieve this goal alone and student and family involvement is critical. Ultimately the primary responsibility for reducing the risks associated with food allergies rests with the student and their parents. School procedures to reduce that risk are as follows:

- Information pertaining to student allergies will be shared with faculty and staff who have contact with the student(s). Otherwise this information will be kept as confidential as possible.
- Based on information from the parent's doctor, the school nurse along with the Food Service Director will develop a food allergy action plan which lists the student's food allergies, meal planning, emergency

treatment protocol, and contact information.

- Food allergy and anaphylaxis training for faculty, staff and coaches will be provided as needed.

Parent Responsibilities:

- Parents of students with life-threatening allergies must provide the district and school nurse with emergency medications and written medical treatment protocol for their student addressing their specific allergy related event(s). This information and medication must be provided before the start of the school year. The school nurse will keep the medications according to school medication policies.
- Parents are expected to meet with the school nurse and food service director at the beginning of each school year regarding their child(s) food allergies.
- Parents are responsible for educating their child about managing their food allergy at school, including identifying "safe foods" by reviewing the lunch menu together, contacting the food service director for ingredient listings and reinforcing that the student should ask for help if the student is unsure about choosing foods in the cafeteria.
- If parents are uncertain about possible exposure to allergy-causing foods, they should provide meals and/or treats for their child.
- Parents of students with severe, multiple or unusual food allergies may be required to provide meals and snacks for their students.

Human Growth and Development:

The school district provides students with instruction in human growth and development. Parents may review the human growth and development curriculum prior to its use and have their child excused from human growth and development instruction. Parents should contact the principal if they wish to review the curriculum or to excuse their child from human growth and development instruction.

Exclusion of Pupils for Reasons of Health:

Students will be excused from physical education if they have a written excuse from a doctor or due to a religious orientation only. The principal may excuse students upon evidence that it may injure the student's health.

Student Scholastic Achievement:

Books & Book Fees:

Books are placed on a rental basis at Maquoketa Valley so as to provide each student with an adequate book of the same edition. Students are responsible for the condition of these books. Excessive wear on a book will require an extra payment at the end of the year. A lost book will result in the full payment for the book. Students should not write in any book that is not intended to be a workbook.

Elementary Curriculum:

Standardized Tests:

Students are given standardized tests annually. These tests are used to determine academic progress for

individual students, for groups of students and for the school district. Students are tested unless the principal excuses them. Students are expected to take the tests seriously and try to do their best. Students not performing up to expectations or not trying on the test will be required to retest.

Guidance & Counseling:

Some time in a child's school life, assistance concerning personal, social, and educational growth would be helpful. The counseling department will assist students or refer students to those who can. Additional resources for parents are available through the guidance office, Tanager, and Keystone AEA. Requests can be made in person, through phone calls or emails.

Homework:

Teachers assign homework, extra class activities or assignments as necessary. Homework is an opportunity for students to practice skills and activities, to share and discuss ideas, to review materials, to become acquainted with resources, to organize thoughts, to prepare for classroom activities or to make up incomplete class work. Homework in most cases should not take more than one hour for upper elementary students, and less for lower elementary students.

Student Records & Instructional Materials

Student Records: Family Educational Rights and Privacy Act (FERPA)

Under the Family Educational Rights and Privacy Act (FERPA) student records containing personally identifiable information, except for directory information, are considered education records and are confidential. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary, in the central administration office.

FERPA affords parents and students over the age of 18 (eligible students) certain rights with respect to a student's education records. These rights are:

1. Right to inspect and review the student's education record.
2. Right to seek amendment(s) of the student's education records that the parent or eligible student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights. Right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that the law authorizes disclosure without consent.
3. The right to file a complaint with the US Department of Education concerning alleged failures by the district to comply with the law. Complaints should be made to the following:

Student Privacy Policy Office
US Department of Education
400 Maryland Avenue
Washington, DC 20202-8520

[File a Complaint | Protecting Student Privacy \(ed.gov\)](#)

Student records containing personally identifiable information are confidential. Only persons, including employees,

who have a legitimate educational interest, are allowed to access a student's records without the parent's permission. Parents may access, request amendments to and copy their child's records during regular office hours. Parents may also file a complaint with the United States Department of Education if they feel their rights regarding their child's records have been violated. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary, in the central administration office.

Student Directory Information:

Under FERPA, there is certain information that is contained in a student's education files that may be released to the public without prior consent from the parent or eligible student. This information is called directory information and is generally not considered harmful or invasive. Directory information includes information that the district has designated as "directory information."

Parents and eligible students may restrict the disclosure of directory information by making the request in writing. Written requests should be turned into the building administrator by the end of September of the current school year.

Student Photos:

Maquoketa Valley CSD allows for school photos to be taken by a commercial photographer. Prior to students' photos being taken, students and students' parents will be notified and approved or denied through the student registration process.

Photos taken will be included in the yearbook, newspaper, publications, and social media unless parents or students request otherwise.

Student Disclosure of Identity:

Students may make a request to a licensed employee to accommodate, name, or pronoun that is different than what was assigned to the student in the student's registration forms or records. Should a student make this request, licensed employees are required to report the request to the building administrator. The administrator will contact the student's parents/guardian regarding the request. These procedures must also be applied to nicknames.

Student Legal Status:

If a student's legal status, such as a student's name or the student's custodial arrangement, should change, the parent must notify the district. These changes are important to keep up-to-date to ensure that the school district is maintaining a current and accurate student record.

Inspection of Educational Materials:

Parents and other members of the school district community may view the instructional materials used by students in the office. Copies may be obtained according to board policy. Tests and assessment materials are only available for inspection with the consent of the superintendent. Persons wishing to view instructional materials or to express concerns about instructional materials should contact the building principal.

School Library:

- The school library is available to students during school hours. The library is a place for study and research. It is not a place to socialize. Students are expected to conduct themselves as if they were in class while in the library. Rules of the Library shall be:

- Students are allowed to study together with people at their own table or study areas.
- Talking is permitted between people working together. This talk should remain very quiet.
- Students can only leave the library with permission.
- No food or drink is allowed.
- Any defacing of library property will mean immediate expulsion from the library. This includes writing on tables, littering, etc.
- Only materials that have been checked out may leave the library.

Student Activities

Buses and Other School District Vehicles:

Buses are primarily used to transport students to and from school. Students who ride the bus and other school district vehicles to and from school, extracurricular activities or any other destination must comply with school district policies, rules and regulations. Students are responsible to the driver while on the bus or in another school vehicle, loading or unloading or leaving the bus. The driver has the ability to discipline a student and may notify the principal of a student's inappropriate bus conduct. Persons riding in school district vehicles shall adhere to the following rules. The driver is to follow the school district policies, rules and regulations for student violations:

- Riders must be at the designated loading point before the arrival time.
- Riders must wait until the vehicle comes to a complete stop before attempting to enter.
- Riders must not extend arms or heads out of the windows at any time.
- Aisles must be kept cleared at all times
- Riders shall load and unload through the front door. The emergency door is for emergencies only.
- Riders will depart from the vehicle at the designated point unless written permission to get off at a different location is given to the driver.
- Students need to bring a written note from their parents or parents must call the school giving them permission to ride a bus which is not typically their assigned bus.
- The driver may assign seats to the riders.
- Riders who damage seats or other equipment will reimburse the school district for the cost of the repair or replacement. (Additional consequences may be assigned)
- Riders are not permitted to leave their seats while the vehicle is in motion.
- Waste containers are provided on all vehicles for riders' use.
- Permission to open windows must be obtained from the driver.
- Classroom conduct is to be observed by students while riding the vehicle except for ordinary conversation.
- The driver is in charge of the riders and the vehicle, and the driver's decisions will be respected.
- Riders should assist in looking after the safety and comfort of younger riders.
- Riders who must cross the roadway to board or depart from the vehicle must pass in front of the vehicle (no closer than 10 feet), look in both directions and proceed to cross the road or highway only on signal from the driver.
- Riders must not throw objects about the vehicle nor out through the windows.
- Shooting paper wads, squirt guns or other material in the vehicle is not permitted.
- Riders must keep their feet off the seats.
- Roughhousing on the vehicle is prohibited.

Field Trips:

In certain classes, field trips and excursions are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. Classroom teachers may raise the expectations or request a student not to go on a field trip. While on field trips, students are guests and considered representatives of the school district. Students must treat employees, chaperones, guides, hosts, property, etc. with respect and courtesy.

Church Priority/Family Time:

Wednesday evening after 6:00 p.m. is held open as "family/church night" and it is the policy of the Board of Education that no student-involved activity of any kind shall be held on this evening, or on Sunday unless prior approval has been granted by the superintendent.

Miscellaneous

Cafeteria:

The school district operates a breakfast and lunch program. Students may either bring their own lunches or purchase lunch and other items, including milk. All students must eat their lunch or other purchased food in the cafeteria unless directed by the classroom teacher or administrator. Pop or other non-wellness policy beverages will not be allowed to enter the building at any time.

It is important to keep students' lunch accounts in good standing throughout the school year. Parents are able to monitor their child's account using our district website. Contact the school for additional information if you do not know how to access your child's lunch account.

Lost and Found:

Lost and/or found items are turned in to the office. Students may come to the office to identify a found item or report a missing item.

Procedures for Students who are Transferring to Another School or District:

The school district automatically transfers a student's records to a new school district upon receipt of a written request from the new school district for the student's records. Parents notified that the student's records have been sent are given an opportunity to view the student's records that were sent and a right to a hearing to challenge the content of the student's records that were sent. When a new student transfers into the school district, the student's records are requested from the previous school district.

Use of School District Facilities by Student Organizations:

School district facilities are available during non-school hours to school-sponsored and non school-sponsored student organizations for the purpose of meetings or activities. Parents wishing to use the school district facilities should stop in the high school office to reserve a room. School district policies, rules and regulations are in effect during these meetings.

Visitors/Guests:

Visitors to the school grounds must check in at the main office and wear an identification badge.

Birthdays:

Students may bring treats to celebrate their birthdays at school. We are encouraging families who want to bring treats to bring prepackaged items or whole fruit that can be prepared for the students here at school. If a child has a summer birthday he or she may celebrate it at any time, however, we try to recognize students with summer birthdays on their half-birthdays. If your child is going to have a birthday party, we ask that invitations be handled outside of school unless all of the girls, or all of the boys, or the entire class is invited.

Maquoketa Valley Community School District - COMPUTER USE AGREEMENT

Please read the entire document carefully.

This agreement is made effective for general use of computers at the school site and upon receipt of a 1:1 laptop computer between the Maquoketa Valley Community School District (MVCSD), the student receiving a laptop ("Student"), and his/her parent(s) or legal guardian ("Parent"). The Student and Parent(s), in consideration of being provided with a laptop computer, software, and related materials (the "Computer") for use while a student is at Maquoketa Valley Community School District, hereby agree as follows:

1. EQUIPMENT

1.1 Ownership: MVCSD retains sole right of possession of the Computer and grants permission to the Student to use the Computer according to the guidelines set forth in this document. Moreover, MVCSD administrative staff retains the right to collect and/or inspect the Computer at any time, including via electronic remote access and/or location based tracking, and to alter, add or delete installed software or hardware.

1.2 Equipment Provided: Efforts are made to keep all laptops configurations the same. All Computers include a protective carrying case for students in grades 9-12, software, and other miscellaneous items. MVCSD will retain records of the serial numbers of provided equipment.

1.3 Substitution of Equipment: In the event the Computer is inoperable, MVCSD has a limited number of spare laptops for use, at the discretion of the administration, while the Computer is repaired or replaced. However, it cannot guarantee a loaner will be available at all times. This agreement remains in effect for such a substitute. The Student may NOT opt to keep a broken Computer or to avoid using the Computer due to loss or damage.

1.4 Responsibility for Electronic Data: The Student is solely responsible for any non-MVCSD installed software and for any data stored on the Computer. It is the sole responsibility of the Student to backup such data often as necessary. MVCSD provides a means for backup along with directions but MVCSD does not accept responsibility for any such software.

2. DAMAGE OR LOSS TO EQUIPMENT

2.1 Insurance and deductible: MVCSD has purchased insurance, which provides the broadest perils of loss regularly available. This insurance coverage is subject to a per loss deductible.

2.2 Responsibility for Damage: The Student is responsible for maintaining a 100% working Computer at all times. The Student shall use reasonable care to ensure that the Computer is not damaged. Refer to the *Standards for Proper Care* below for a description of expected care (section 4). In the event of damage not covered by the warranty, the Student and Parent will be billed a fee according to the following schedule:

- First incident – up to \$150
- Second incident – up to \$200
- Third incident – up to full cost of repair or replacement

MVCSD reserves the right to charge the Student and Parent the full cost for repair or replacement when damage occurs due to gross negligence as determined by administration. Examples of gross negligence include, but are not limited to:

- Leaving equipment unattended and unlocked. This includes damage or loss resulting from an unattended and unlocked laptop while at school. (*See the Standards for Proper Care document for definitions of*

“attended,” “unattended,” and “locked.”)

- Lending equipment to others, other than one’s parents/guardians.
- Using equipment in an unsafe environment.
- Using the equipment in an unsafe manner. (See the Standards for Proper Care document for guidelines of proper use).

2.3 Responsibility for Loss or Theft:

- In the event the Computer is lost, the Student and Parent will be billed the full cost of replacement.
- In the event the Computer is stolen, a police report must be filed.
- In either scenario, if the computer is recovered in undamaged condition within a reasonable time frame, the payment may be refunded.

2.4 Actions Required in the Event of Damage or Loss: Report the problem immediately to the Technology Staff or School Principal. If the Computer is stolen or vandalized while not at Maquoketa Valley Schools or a school-sponsored event, the Parent shall also file a police report.

2.5 Technical Support and Repair: MVCSD does not guarantee the Computer will always be operable, but will always make technical support, maintenance and repair available during normal school hours.

3. LEGAL AND ETHICAL USE REGULATIONS

3.1 Monitoring: MVCSD will monitor computer use using a variety of methods – including electronic remote access and tracking – to assure compliance with MVCSD’s Legal and Ethical Use Regulations and the MVCSD Appropriate Use Policy.

3.2 Legal and Ethical Use: All aspects of MVCSD Computer Use Agreement remain in effect, except as mentioned in this section.

3.3 File-sharing and File-sharing Programs: The installation and/or use of any Internet based file sharing tools are explicitly prohibited. File-sharing programs and protocols like: Bit Torrent, Limewire, Kazaa, Acquisition and others may not be used to facilitate the illegal sharing of copyrighted material (music, video and images).

3.4 Allowable Customizations:

- The Student is permitted to alter or add files to customize the assigned Computer to their own working styles (i.e., background screens, default fonts, and other system preferences).
- The Student is permitted to download music to iTunes, but cannot download or install any other software without permission from the MVCSD Technology Staff.

3.5 Copyright Laws: The Student will not duplicate nor distribute copyrighted materials other than a back-up copy of those items the Student legally owns.

4. STANDARDS FOR PROPER COMPUTER CARE

4.1 Student Laptop Program Acknowledgement Form: The Student is expected to follow all the specific guidelines listed in the Computer Use Agreement herein, and take any additional common sense precautions to

protect their assigned Computer. These same rules apply to loaner and stationary computers used on the school premises. **Loss or damage resulting in failure to abide by the details below may result in full-financial responsibility.**

4.2 The Student's Responsibilities

- Treat the equipment with as much care as if it were your own property.
- Bring the Computer and charging unit to MVCSD every school day. (If the Student forgets his/her equipment, substitutes will NOT be provided, except for unusual circumstances at the discretion of the teacher or administrator).
- Keep the Computer either secured (i.e., home or other secure place where others do not have access) or attended (with you or within your sight) at all times. Keep the Computer stored in a secure place (i.e., locked in a locked locker or other suitable place) when the Student cannot directly monitor it. For example, during athletic events, games, practices and trips, store the Computer in a secure place assigned by your coach/sponsor and arrange to return to school to retrieve it after the activity. It is "best practice" to leave the Computer in the Student's issued locked locker. Laptops left in bags and backpacks, or in unattended classrooms are considered "unattended" and may be confiscated by school personnel as a protection against theft. Unattended and unlocked equipment, if stolen – even at school – will be the Student's full financial responsibility.
- Avoid use in situations that are conducive to loss or damage. For example, never leave the Computer in school vans, in the gym, in a locker room, on playing fields, in the care of another student/teacher, or in other areas where it could be damaged or stolen. Avoid storing the Computer in a car for long periods of time. ***Avoid leaving the Computer in environments with excessively hot or cold temperatures.** If the Computer must be stored in a car for a short period of time, it must be kept out of plain view to avoid theft.
- The Student will keep the laptop lid fully closed whenever it is moved from one point to another. When passing from class to class the Student must place the Computer in the given computer sleeve / bag.
- • The Computer is to be used only by the assigned Student. The Student's parents or guardians also are granted access to use the Computer. Loss or damage that occurs when anyone else is using the Computer will be the Student's full responsibility.
- Adhere to MVCSD Computer Use Agreement at all times and in all locations. When in doubt about acceptable use, ask the Technology Staff, teachers, or your Building Principal.
- Regularly back up all necessary data stored on the Computer. Never consider any electronic information safe when stored on only one device.
- Read and follow general maintenance alerts from school technology personnel.
- The Student understands their issued Computer is subject to random checks and he/she will be responsible to maintain a laptop that hosts data and materials deemed appropriate by school administration.

4.3 How to Handle Problems

- Promptly report any problems to the Technology Staff or Building Principal immediately.
- Don't force anything (e.g., connections, popped-off keys, DVD/CDs). Seek help instead.
- When in doubt, ask for help.

4.4 General Care

- Do not attempt to remove or change the physical structure of the Computer, including the keys, screen cover or plastic casing. Doing so will void the warranty, and families will be responsible for 100% percent of the repair or replacement cost.
- Do not remove or interfere with the serial number or any identification placed on the computer.
- Do not do anything to the Computer/bag that will permanently alter it in any way. (The Student can apply identifiers to the Computer/bags as long as they are completely removable and do not damage or leave any markings).
- Keep the equipment clean. For example, avoid touching the screen and NEVER eat or drink while using the Computer. *Note: The warranty does not cover damage to the Computer due to exposure to bodily fluids, blood borne pathogens or nicotine smoke.

4.5 Carrying the Computer

- Always completely close the lid and wait for the Computer to enter Sleep mode before moving it, even for short distances. Movement while the Computer is on can result in permanent damage to the hard-drive and therefore the loss of all data. Sleep mode is sufficient.
- Always store the Computer in the laptop bag provided for students in grades 9-12. Students in grades 6-8 store in your assigned computer cart. *Note: do not store anything (e.g., cords, papers or disks) in the area within the laptop case designed for the Computer other than the Computer itself and the Computer parts as this may damage the screen.
- Do not grab and squeeze the Computer, as this can damage the screen and other components.

4.6 Screen Care

- The Computer screen can be easily damaged if proper care is not taken. Broken screens are NOT covered by warranty and can cost over \$800 to replace. Screens are particularly sensitive to damage from excessive pressure.
- Do not touch the Computer screen with anything (e.g., your finger, pen, pencil, etc.) other than approved Computer screen cleaners.
- Clean the screen with a soft, dry anti-static cloth or with a screen cleaner designed specifically for LCD type screens. See Technology Staff or Building Principal for assistance in cleaning your computer properly. The school supplies cleaning materials and special cleaning cloths.
- Never leave any object on the keyboard, i.e. pens, pencils, and papers with staples left on the keyboard are guaranteed to crack or severely scratch the screen when the lid is closed, thus resulting in a charge of over \$800.

4.7 DVD/CD-RW (Optical Drive)

- Never force a disc into the slot. This can cause permanent damage and voids the computer warranty.
- Keep discs clean and store them in a cover to prevent dust from entering the Computer. Always remove CDs and DVDs when they are not in use – this preserves battery life.

4.8 Battery Life and Charging

- HS students arrive at school each day with a fully charged battery. Establish a routine at home whereby the Student takes responsibility to charge the Computer overnight. MS students place in their assigned computer cart at school and make sure the charger is connected overnight.
- Avoid using the charger in any situation where the Student or another is likely to trip over the cord. Do not let the battery completely drain. Immediately shutdown if the Student is unable to connect to a charger.
- Close the lid of the Computer when it is not in use, in order to save battery life and protect the screen.

4.9 Personal Health and Safety

- Avoid extended use of the Computer resting directly on the lap. The bottom of the laptop can generate significant heat and therefore cause temporary or permanent injury. Use a barrier—such as a book or devices made specifically for this purpose— when working with the laptop on the lap. Also, avoid lap-based computing while connected to the power adapter, as this will significantly increase heat production.
- Avoid lengthy use involving repetitive tasks (such as typing and use of the track-pad). Take frequent breaks from using the Computer as well as alter your physical position (typing while standing, sitting, leaning, etc.) to minimize discomfort. If possible, set up a workstation at home that allows the Student to situate the screen at eye level and the keyboard at lap level.

5. EQUIPMENT LENDING INFORMATION

The signed agreement is part of the Student Laptop Program Acknowledgement Form.

The MVCSD grants the user permission to borrow technology equipment for school and home use based on mutual agreement of the following:

- The Student is not to ask for or send photos of other students without consent and direction of the classroom teacher and/or Building Principal .
- The Student is not to ask for personal information about other students for public sharing. Examples include but are not limited to: email address, phone number, home address, and physical description. This section is not intended as a comprehensive list. The student handbook and school board policy may apply for disciplinary consequences including limited access to network services and loss of computer privileges if there is a violation. Other student conduct rules and policies may apply.

7. COMPUTER USE AND CONDUCT RULES

7.1 General Information: The primary goal of MVCSD's available technology is to enrich the learning that takes place in and out of classrooms. In particular, technology offers opportunities for exploration and analysis of academic subjects in ways that traditional instruction cannot replicate. However, certain legal and ethical restrictions apply. Also, the limited supply of both hardware and software requires us to set priorities for use. Academic work for courses always takes priority over any other use of the computer equipment. The following is a list of rules and guidelines, which govern the use of MVCSD computers and network resources.

7.2 Network Resources: Network services refers to all aspects of MVCSD's owned or leased equipment, including computers, printers, scanners and other peripherals, as well as email, Internet services, servers, network files and folders, and all other technology related equipment and services. These rules apply to any use of MVCSD's network resources whether this access occurs while on or off the school premises. MVCSD is not responsible for filtering or monitoring content on student computers when the device is not connected to the school network.

7.3 Prohibited Acts:

The Student may not use network resources:

- to create, send, access or download material which is abusive, hateful, harassing or sexually explicit;
- to download, stream or listen to Internet-based music, video and large image files not required for school work, as this slows the performance of the network for all users. The school will monitor the network for violations to alter, add or delete any files that affect the configuration of a school computer other than the laptop assigned for personal use;
- to conduct any commercial business;
- to conduct any illegal activity (this includes adhering to copyright laws);
- to access the data or account of another user (altering files of another user is considered vandalism);

- to install any software onto MVCSD computers or to copy MVCSD school software (copying school owned software programs is considered theft);
- to use any hacking, phishing, or packet capture tools.

In addition, students may not:

- give out their home address or phone number to anyone on the Internet (this protects users from becoming potential victims of those with criminal intent);
- give password(s) to anyone;
- post anonymous messages;
- forward email commonly known as "SPAM," Unsolicited Commercial Email (UCE), or "junk email."

7.4 Responsibility for Property: The Student is responsible for maintaining a 100% working laptop at all times. The Student shall use reasonable care to be sure the computer is not lost, stolen or damaged. Such care includes:

- Not leaving equipment in an unlocked car or unlocked home.
- Not leaving equipment unattended or unlocked while at school or elsewhere.
- Not lending equipment to anyone except one's parents.
- Not using equipment in an unsafe environment.

The Student must keep the computer locked (i.e. locked in your school locker, home or secure place where others do not have access) or attended (with the Student or within the Student's sight) at all times. Laptops left in bags or backpacks or in unattended classrooms are considered "unattended" and may be confiscated by faculty or staff as a protection against theft. If confiscated, the Student will receive a warning before getting the laptop back. If the laptop is confiscated a second time, the Student may be required to get a parent signature acknowledging financial responsibility before getting the laptop back. Unattended and unlocked equipment, if stolen – even at school – will be the Student's responsibility.

7.5 Discipline Any student who violates these rules will be subject to disciplinary action. The minimum consequence will be a letter home. Students who violate the File Sharing rules will also have their hard drives restored to the original settings. Serious or repeated violations will result in the student's use of technology restricted and or revoked. Improper student conduct is subject to disciplinary action according to school board policy and the student handbook.

7.6 Legal Issues and Jurisdiction Because MVCSD owns and operates the equipment and software that compose our network resources, the school is obligated to take steps to insure that all facilities are used legally. Hence, any illegal use of network resources is prohibited. All content created, sent, accessed or downloaded using any part of MVCSD's network resources is subject to the rules stated in this policy. School administration monitors the network and computer devices and may find it necessary to investigate electronic incidents even if they happen after hours and outside of school. As the owners of our network resources, including email system, the school administration reserves the right, if needed, and at its discretion, remotely access, to open, examine and/or delete electronic files that violate this Computer Use Policy. MVCSD reserves the right to use electronic methods to track the location of computer equipment.

7.7 Disclaimer The MVCSD does not have control of the information on the Internet or incoming email, nor does it provide any technical barriers to account holders accessing the full range of information available. Sites accessible via the Internet may contain material that is defamatory, inaccurate, abusive, obscene, profane, sexually oriented, threatening, racially offensive, illegal or otherwise inconsistent with the mission of the Maquoketa Valley Community School District. While MVCSD's intent is to make Internet access available for educational goals and objectives, account holders will have the ability to access other materials as well. At MVCSD, we expect students to obey the Computer Use Agreement when using the Internet. Students found in violation of the policy will be disciplined. In addition, MVCSD account holders take full responsibility for their access to MVCSD's network resources and the Internet. Specifically, MVCSD makes no warranties with respect to school network resources nor does it take responsibility for:

- the content of any advice or information received by an account holder;
- the costs, liability or damages incurred as a result of access to school network resources or the Internet; any consequences of service interruptions.

Please contact the School Principal for any questions regarding the Computer Use Agreement.
